## Marshall Appears To Have Won Fight For Defense Pact

Inter-American Conference In Brazil To Be Confined To Matters Of Defense

“LITTLE MARSHALL PLAN” EXCLUDED  
By PIERRE LOVING  
(U. S. Staff Correspondent)

PETROPOLIS, Brazil, Aug. 21.—Secretary of State Marshall appeared today to have won his fight to confine the inter-American conference to matters of defense and to exclude consideration of a “Little Marshall Plan” for the western hemisphere.

The reaction to his speech urging that economic aid be deferred was unanimously favorable among the delegations from the 20 nations at the conference.

Even Guillermo Bell, chief Cuban representative, who had demanded that clauses on “economic aggression” be inserted in the defense pact, voiced enthusiastic approval.

Bell, Cuban ambassador to Washington, termed it “magnificent.”

The secretary of state told the delegates that economic aid to re-form the United States over demands for a “Little Marshall Plan” for Latin America.

Write Strong Defense Pact  
He urged the delegates that their first task was to write a strong defense pact as an example to a “sick and suffering world.”

Subcommittee meeting in closed sessions already had been drafting the defense pact before Marshall made his first major address to the conference.

Marshall told the conference: “Now at Rio de Janeiro our concern is with mutual defense and security. Tomorrow at Bogota we shall go on to reorganize and strengthen our inter-American system and make it a more effective agency of cooperation in the pursuit of our common interests.”

Warns On Totalitarian Dangers  
He warned inferentially against totalitarian dangers in the western hemisphere, saying: “We must reject encroachment upon the fundamental rights of the individual with the same determination that we reject any encroachment upon the fundamental rights of the state.”

Marshall called for freedom of public expression, “good faith and fair dealing, honesty and friendly cooperation.”

He added that the American states “have no secrets from each other.”

## Pa Newc Observes

Painters are giving the Mt. Jackson U. P. church a coating of fresh white paint. The edifice is being nicely improved.

Tom Armstrong, East Brook road, thanked Pa Newc for notifying apple-hungry youngsters. Many came. Still many more apples, bring baskets to Vane D. Johns farm, East Brook road.

Call them tent caterpillars, web worm, or whatnot, it is certain that the pests are in action in great quantities this year. Hundreds of trees around the county are under attack.

Literally thousands of birds were noted flying over the northern end of the city Wednesday night around 6 to 7 o'clock. The birds appeared to be headed in a southward direction.

Bridge painting work is in progress in Lawrence county. Pa Newc notes that the highway bridge over the Mahoning river, on the outskirts of the seventh ward is being given attention by the bridge painting crews at the present time.

Heavy rains were experienced in this locality on Wednesday afternoon, but New Castle got very little (Continued on Page Two)

## Says U. S. Can Detect A-Bomb Detonation Anywhere In World

BERKELEY, Calif., Aug. 21.—(INS)—The United States is protected against secret development of the atomic bomb anywhere on the globe.

That assurance was left in Berkeley, Calif., today by Chairman David Lilienthal of the atomic energy commission following a commission visit to the University of California radiation laboratory.

Without disclosing the nature of precautions taken by the commission, Lilienthal said:

“We can detect the detonation of an atomic bomb anywhere in the world.”

Lilienthal expressed confidence

that the United States was maintaining leadership in the field of atomic weapons, which, he said, was the commission's chief goal. But, he added, “it will take a lot of hard work to keep that statement true.”

Visions of atomic energy turning the nation into a work-free paradise were classed by the commission as decidedly premature, Lilienthal said.

Not Around Corner  
“Use of atomic energy in industry is not around the corner. Hopes in that respect were not well founded. We need more time and more fundamental knowledge.”

## Five Conciliators Ordered Let Out

(BULLETIN)  
WASHINGTON, Aug. 21.—(INS)—Cyrus Ching, director of the new federal mediation service, today ordered the dismissal of five key government conciliators.

All are employees of the 34-year-old conciliation service of the labor department which will be supplanted at 12:01 a. m. tomorrow, by Ching's agency which was created by the Taft-Hartley law.

## Britain Draws Out 450 Million More From Loan

(BULLETIN)  
WASHINGTON, Aug. 21.—(INS)—The treasury disclosed today that Britain arranged for three additional withdrawals, totaling 450 million dollars, from its fast-windling U. S. loan account before agreeing yesterday to suspend further use of the funds.

One withdrawal of 150 million dollars was made today. The others, in similar amounts, are to be made Aug. 23 and Aug. 25.

As a result, only 400 million dollars will remain after Aug. 29 of the three billion 750 million dollar loan originally intended to see the United Kingdom through its economic troubles until 1950.

Half Conversions  
The British hope to protect the remaining 400 million dollars in gold by converting sterling into dollars on all trade balances except with the United States.

## Expect Bradley To Become Army Chief Of Staff

WASHINGTON, Aug. 21.—(INS)—White House sources said today that President Truman definitely will name Gen. Omar Bradley to succeed Gen. Dwight D. Eisenhower as Army chief of staff.

The timing of the switch-over in the Army high command, these sources said, depends on when Eisenhower chooses to retire and take over his new duties as president of Columbia university in New York.

The purpose of Bradley's present six-week visit to the American zones of occupation in Europe is to reorient him with the Army that will be under his command. Since shortly after the end of the second World War, Bradley has been devoting himself exclusively to veterans' affairs as veteran administrator.

Eisenhower plans to retire to take over his civilian post with Columbia university the latter part of the year but this may be speeded up.

WOULD SELL PLANE  
CHICAGO, Aug. 12.—(INS)—Milton Reynolds, Chicago Pen manufacturer, today offered the globe-girdling “Reynolds Bombshell” for sale at \$50,000.

The Bombshell twice has been flown around the world, most recently by Capt. Bill Odom who smashed all existing records for globe-encircling flights.

TOWBOAT SINKS  
PITTSBURGH, Aug. 21.—(INS)—Efforts were being made today to raise the towboat Charles Grimm, which sank yesterday in the Monongahela river at Rankin. The boat had broken a rudder and was being towed to a landing when it shipped water and sank. The crew escaped.

Seek U. S. Aid To Have British Cut Tax On U. S. Films

WASHINGTON, Aug. 21.—(INS)—Independent movie producers today sought the aid of Secretary of Treasury Snyder in their campaign to bring the British to drop a 75 per cent tax against U. S.-made films.

Four motion picture executives told Snyder that it is this government's duty to intercede in the dispute which threatens “to create widespread studio unemployment” and cost the U. S. Government over 40 million dollars in taxes.

They said that already the flow of American films to Great Britain has been stopped.

A spokesman for the group said they told Snyder that some studios have cut back employment 30 to 40 per cent as a result of the tax and the subsequent ban on movie exports to Britain instituted by U. S. producers.

Demand Made On Russia To Open Port Of Dairen

WASHINGTON, Aug. 21.—(INS)—The state department announced today that the United States has renewed formal demands on Russia to open the Manchurian port of Dairen to American trade and commerce.

A new U. S. note, delivered a week ago in the Kremlin by the American embassy, renewed the complaint lodged in January against the failure of Soviet forces in Dairen to turn over administration of the city to Chinese authorities.

The note said that the U. S. action was taken because the American government feels it has a responsibility to U. S. interests “to urge that there be established at Dairen at an early date normal conditions which will permit American citizens to visit and reside there in pursuit of their legal activity.”

FOUR-ALARM FIRE  
PHILADELPHIA, Aug. 21.—(INS)—A four-alarm fire today destroyed a three-story building loaded with waste and rags on the Delaware river waterfront in Philadelphia.

Firemen fought for two hours before subduing the blaze in the structure occupied by three firms. Thirty-five pieces of apparatus and a fireboat were employed during the fire.

Twenty firemen narrowly escaped being buried under a collapsing wall.

## Congress Will Renew Effort On Tax Reduction

Forecast Of Surplus For Fiscal Year Spurs Predictions Of Further Attempts

FEDERAL SPENDING ALSO TO BE ATTACKED  
WASHINGTON, Aug. 21.—(INS)—Republican congressional leaders predicted today that congress will take another cut at federal spending next year after President Truman forecast a record government surplus of four billion 700 million dollars for the current fiscal year.

At the same time, GOP leaders said that another tax reduction bill will be sent to the president despite the fact that Mr. Truman in his latest budget review held out no promise for reduced taxes in the fiscal year 1949.

Sen. Millikin (R) Colo., chairman of the senate GOP conference and of the finance committee, declined to comment on the president's statement in which he credited the GOP economy drive with a saving of only a half billion dollars. But the senator said in an exclusive interview:

“We will do a number of things (Continued on Page Two)

Death Toll Of Cadiz Blasts May Pass 300

CADIZ, Aug. 21.—(INS)—The Spanish government turned today to the task of rehabilitating Cadiz while expressing fear that the death toll in the naval arsenal explosion probably will exceed 300.

Rescue workers still were finding additional victims in the charred ruins and debris.

The Cadiz chief of sanitation revealed that more than 5,000 persons have been treated for injuries. This exceeded by one thousand an earlier estimate of Mayor Sanchez Coscío.

The government said that 200 bodies—only 114 of them identified because of their mutilated and burned condition—have been taken from the ruins.

Unofficial sources added that an additional number of bodies have been recovered by kink of the victims and buried without a report to the authorities.

Authorities were overwhelmed by the vast tasks of restoring normal life in the stricken naval city. Unofficial estimates placed property damage at in excess of ten million dollars.

RUSSIA PROTESTS  
Increase Plan For German Industry

WASHINGTON, Aug. 21.—(INS)—Russia today protested to Great Britain, the United States and France against the proposed three-power conference to be held soon in London on raising the German level of industry.

It was confirmed that a protest on the meeting has been received at the State department but, pending study, its contents were not revealed.

However, it was understood that Russia took the position that the three-power conference violated the terms of the Potsdam agreement.

Jerusalem Again Rocked By Blast

JERUSALEM, Aug. 21.—(INS)—Jerusalem was rocked by another terrorist explosion today when an Arab-owned hardware store was blown up in the center of the city.

The bomb was reported planted by a youth described as an Arab.

Seek Release Of Three Soldiers Held By Soviet

SEOUL (KOREA), Aug. 21.—(INS)—Lt. Gen. John R. Hodge, commander of the United States occupation forces in South Korea, today ordered the American liaison officer in Russian-held North Korea to come to Seoul to report on Soviet detention of three U. S. soldiers.

The liaison officer, Maj. Mitchell Gibbo, who is regularly stationed with the Russian forces in the north, was due to arrive at the American occupied Korean capital aboard a special train at 3 o'clock tomorrow afternoon.

Hodge summoned Gibbo to Seoul in a new move toward gaining the release of the three soldiers who have been held for the past nine days by the Russians in their North Korean occupation area.

Gibbo spotted the soldiers at a railway station in the Soviet zone on the day they were seized after inadvertently crossing into the Russian area. The liaison officer tried unsuccessfully to win their release.

Gen. Hodge affirmed “grave concern” over the mysterious detention of the soldiers.

In two sharply protesting notes, Hodge informed the Soviet occupation commander, Lt. Gen. C. P. Korotkov, of his anxiety over the episode—first of its kind in Korea since the divided occupation began more than two years ago.

Both of Hodge's letters to Korotkov went unanswered up until this morning.

New Record For Jet Plane

MUROC ARMY AIR BASE, Calif., Aug. 21.—(INS)—A Navy commander who piloted the Douglas D-558 jet plane at a record 640.7 miles an hour at the Murdoc Army Air Base, Calif., predicted today “it won't be long before we smash through the supersonic wall.”

In four passes at a green smoke pyre yesterday, Commander Turner E. Caldwell Jr. hit a top speed of 633.4 miles an hour in the blood-red, tube-shaped jet ship.

In less than 16 minutes in the air he traveled more than 90 miles to break the previous mark set last July 19 by Army Col. Al Boyd, over the same course, by 16.9 miles per hour.

Heat Wave Hangs On In Middle West Area

(International News Service)  
Hot, humid weather with no relief in sight was predicted for the middle west again today.

The weather bureau said widely scattered rain was possible in some areas, but that a cold front moving down from southwest Canada has stalled in the mountain states.

Cooler weather was not expected now for at least two more days.

The west coast anticipated mild temperatures. Occasional showers were forecast for Washington, Oregon and Idaho. Yesterday's high in Oregon and Washington ranged in the 70's.

A few light showers were forecast for the northern mountain regions in California. Generally, northern California expected clear weather.

A high of 80 was predicted for Philadelphia today. One person died from heat prostration as the mercury climbed to 88 there yesterday.

Real Relief From Torrid Conditions Not Yet Here Says Weather Man

Scattered showers temporarily cooled some sections of western Pennsylvania today, but real relief from the widespread heat wave was not in sight.

Federal meteorologists, who had held out hope of cooler weather by Thursday, today reversed themselves and said what had been an advancing cool front from Canada had “stalled.”

“Apparently the Canadians are keeping it for themselves,” said Henry Rockwood, chief meteorologist at the Pittsburgh weather bureau.

Nineties Again Today  
Temperatures in the 90's were again forecast for today, with similar readings expected tomorrow over most of the western part of the state.

Humidity will remain high, Rockwood said. The showers, while bringing relief locally, will help to maintain high humidity when the heat increases.

Pittsburgh's East Liberty district was lashed by thunderstorms last night, and the downtown district received a heavy rain during an electrical storm today. Lightning damaged a number of homes and struck one street car. Damage was negligible and no casualties were reported.

Cobb Tests Car On Utah Course

BONNEVILLE SALT FLATS, Utah, Aug. 21.—(INS)—British racer John Cobb sent his 24-cylinder car roaring over the measured mile on Bonneville salt flats in a test run today at a speed of 334.26 miles an hour.

The genial Cobb, who has traveled fastest on land of any man alive, made the test run preliminary to an attempt Saturday to break his own record of 339.06 miles an hour.

Cobb coasted half way through the test run. Newsmen in a tower one-fourth mile from the glass-hard racing strip heard the dynamic Brit-tisher cut his motor midway of the measured mile. He then coasted on in to the north tip without incident.

Demure Mrs. Cobb, a bride of five months, huddled her 6-foot husband huddle past the timer's stand and excitedly screamed encouragement to him.

Charge Five With Theft Of Two Planes

YORK, Pa., Aug. 21.—(INS)—York county authorities today awaited the extradition of five Maryland men from Baltimore following their indictment by the grand jury on charges of stealing two disassembled airplanes piece by piece from the Hanover airport.

County officials said the men, including a 17-year-old youth, would be tried August 27 in York county court. They were charged with stealing the airplane parts from crates and offering them for sale.

Police identified the men as Robert Green, William and George Miller, all of Manchester, Md., and Philip Knatz, Jr., of Baltimore county. Youth was unidentified.

## Senate Committee Asks Look At Moscow

WASHINGTON, Aug. 21.—(INS)—Senate appropriations committee members today asked permission for at least a quick look at Moscow, capital of the iron-curtain land, on their tour of Europe.

It was learned that the senators who will make a study of the financial phase of rehabilitating Europe applied to the Russian embassy in Washington for admission to Moscow.

Reason for the requested visit was given as “to inspect the U. S. embassy”, it was learned.

However, the senators hope for at least one side-trip into Russia for a look at results of the communistic system.

Fifteen May Make Trip  
Indications are that most of the 15 appropriations members will make the trip.

Among them may be 79-year-old Sen. Green (D) R. I. and 78-year-old Sen. McKellar (D) Tenn. McKellar, who said he is suffering from a back ailment, said he will go “if the doctor will let me.” He added:

AUSTRIA WILL NOT BE ADMITTED (BULLETIN)

LAKE SUCCESS, N. Y., Aug. 21.—(INS)—The Soviet Union wielded the veto for the 15th time over one year in the security council today to block an Austrian move to transfer Austria's application for membership to the general assembly.

Soviet Delegate Andrei Gromyko resorted to the veto for the second time during the day. The previous veto was exercised to bar adoption by nine of the 11 council members of the identical resolution on Italy's application.

# Gold Seals For Five 4-H Clubs

Awards Are Made At County 4-H Roundup Sessions Here On Wednesday

Today five more green and white 4-H club certificates are adorned by five gold seals, signifying the satisfactory completion of projects of each member of the club. The five clubs that attained that goal were the Wurtemburg, Washington, Hickory, Big Beaver and Perry township clubs. The girls of these clubs finished their projects 100 per cent to attain the gold seal for their club. Four silver seals were given, signifying that the club had finished their work 95 per cent. These clubs were North Beaver, Scott, Plainville and Eastbrook townships. Highlighting Wednesday's afternoon in the roundup program was the style show in verse. Members of the Mahoning and Perry clubs held the speaking parts, and all the girls of the 4-H clubs joined in the style parade. Miss Velma Clark, from State College, commented on the appropriateness and outstanding features of each garment.

# Windows Smashed In Strike Crash At Detroit Garage

(BULLETIN) — Plate glass windows were smashed today when Detroit police and striking auto garage mechanics clashed at a branch of the Ver Hoven Chevrolet company. Douglas Fraser, UAW-CIO leader heading the 200 pickets charged that police threatened the strikers with drawn revolvers. He said the riot occurred at the Woodward avenue branch as the pickets attempted to close the automobile agency's garage. Special police squads also were sent to the company's Van Dyke avenue office when new violence broke out among 200 pickets.

# SOVIET UNION VETO TO BAR ITALY FROM U. N. MEMBERSHIP

(Continued from Page One)

The impending fifteen-day holiday of the council and the approach of the general assembly's meeting date thus will probably leave the total of Russian vetoes at seven. These vetoes are sure to draw heavy fire from the fifty-five member nations (fifty-seven after Yemen and Pakistan have received official assembly approval) once the onslaught against the Big Five unanimity rule gets underway in the assembly. See Anti-Veto Campaign

Observers at Lake Success pointed out that the Soviet veto against the majority decision of the council in the Corfu channel case and the three recent vetoes in the bitterly-fought Greek issue had much to do with provoking demands for abrogation of this privilege. However, the Russian resort to the veto to block Ireland, the Transjordan, Portugal, and now Italy from gaining U. N. membership has given even greater stimulus to the anti-veto campaign.

The applicants for U. N. membership up for council consideration today are the five ex-enemy states, Italy, Austria, Bulgaria, Romania and Hungary. All of the 11-body council group favors the admission of Austria and Italy except Poland and Russia.

Lake Success, N. Y., Aug. 21.—(INS)—The security council barred Hungary from U. N. membership for another year today by voting down the application through nine abstentions. The United States cast the sole negative vote, while Syria voted in favor.

Soviet Delegate Andrei Gromyko abstained on the grounds that applications of ex-enemy states should be considered only after the ratification of the peace treaties.

Pa News discovered several youngsters who perhaps were not allowed to go swimming, but were beating the sweltering Wednesday heat. The kids were standing atop an iron window grating at a downtown store and with the cool air arising from the store basement, they were being refreshed.

Wednesday's rain came in sections again, it was noted by Pa News. The western and eastern sections of the city got good showers before rain finally fell in the downtown section. Many, so glad to see the rain, did not hurry to get under cover, but were rather glad to get a good "soaking" in their effort to get cooled off.

**Expected To Last To 1950** The three and three-quarter billion dollars granted Britain in the summer of 1946 was scheduled to last until 1950.

The treasury spokesman asserted that "the spirit of the Anglo-American loan agreement has not been violated by the August 20 action of the British."

He said that in certain "hardship cases" the British will permit countries with whom they deal to convert sterling into dollars.

However, he said, the cases will be "carefully screened."

The spokesman declared: "There is a distinct parallel between the British action and our own bank holiday. The action was to stop what amounted to a run on the Bank of England, and there was simply declared a moratorium during which all parties would take stock of their position."

He said the "bank run" had begun on July 15 when the convertibility clause of the loan agreement went into effect and some 30 nations lined up to get their dollar settlements.

Winner of the hopscotch contest was Valjean Fenati, with Jane Clark, Gaston Park, and Joan Owoc, West Side playground, as runners-up.

In the track meet held at George Washington playground, George Washington won the meet with four events. Big Run, Dean Park and Gaston Park each had three events.

George Washington won the mid-gate softball game with a score of 8-7, defeating Big Run playground. Big Run defeated Dean Park team, 14-4, in the junior softball game.

Senior boys volley ball was won by the George Washington team, who defeated the boys from Laurel playground.

Don Black defeated William Leslie to become tennis champ, and Dick Burr downed Paul Simpson to become bantamweight champ. All four boys were from Washington playground.

**Wins at Horseshoes** Winner of the horseshoe contest was Richard Jopek, Gaston Park, who defeated Jack Buckley, also of Gaston Park, and junior checker winner was Gerald Abraham, Gaston Park playground.

A mid-gate track meet was held, too, with Dean Park winning, with 16 points. Pollock playground, with six points, and Shenango with five points, were second and third.

Fortunately the rain delayed until activities were completed and it was nearly time for the youngsters to go home.

An unsettled question again this year is: "Who gets tired the quickest, youngsters or directors?"

# CONGRESS WILL RENEW EFFORT ON TAX REDUCTION

(Continued from Page One)

In the next session, That includes passing a new tax reduction bill and making further reductions in appropriations.

Rep. Taber (R) N. Y., chairman of the house appropriations committee, declared that the federal surplus will be even greater than predicted by Mr. Truman unless more than was authorized in the last session of congress is spent on foreign relief.

The New Yorker commented: "The way returns are coming in for federal receipts I believe it will be at least five billion dollars or six billion, above expenditures, unless more than was authorized is spent on foreign relief."

# SEVEN POLIO CASES ALTOONA, Pa., Aug. 21.—(INS)—

Seven cases of polio, six of them small children, today were in the isolation ward of Altoona hospital.

All were admitted within the past few days. One of the seven victims was a 23-year-old theological student.

Three of the cases originated in Altoona, and three from the Tyrone district, with the seventh from Lancaster county. Hospital attendants did not identify the victims.

Previous efforts by citizens of Staten Island to obtain the removal of the Quarantine hospital from Tompkinsville having failed, one night in 1858 a mob assembled there, the hospital buildings were burned and many of the inmates barely escaped with their lives. A force of militia was called out to guard the property of the state.

## SYLVIA MOORE WEDS CHARLES SHOAF, JR.

At a lovely candlelight ceremony at 7:30 o'clock, Wednesday evening, in the Central Christian church, Long at Pennsylvania avenue, Miss Sylvia Moore, daughter of Mr. and Mrs. G. Philip Moore, of R. D. 1, Gardner, became the bride of Charles Shoaff, Jr., son of Mr. and Mrs. Charles Shoaff, 343 1/2 Shaw street.

Rev. James N. Rainey, minister of the church, officiated at the double ring ceremony which was performed before an improvised altar of ferns, palms and white gladioli. Given in marriage by her father, the bride wore a gown of broadcloth, with a sweetheart neckline, long train and veil. She carried a bouquet of white roses and her only jewelry was a single strand of pearls, a gift of the bridegroom.

Mrs. Ronald Gibson was her sister's matron of honor. She was attired in a yellow tulle gown and carried a colonial bouquet. The bridesmaids, the Misses Gertrude Moore, Miriam Henning and Rowena Johnson of Somerset, wore aqua tulle gowns and each carried colonial bouquets. Miss Johnson was a classmate of the bride, at Kentucky Christian College.

For his best man, the groom had LeRoy Davis, his cousin from Frederick, Md. Ushers were Sidney Moore, Lee Barber and Vance Glenn.

Prereceptional organ music was played by Roy Strobel whose selection included "Thine" by Massenet; "Ave Maria" by Schubert; "My Heart At Thy Sweet Voice" from Sampson and "Delilah"; "I Love You Truly" by Bach and the wedding march from "Lohengrin". Preceding the ceremony Miss Harriett Walker sang the "Indian Love Call". Donald Davis, also a cousin of the groom, from Frederick, Md., sang prior to the ceremony, "At Dawn" by Cadman and during the consecration service was heard in "The Lord's Prayer" by Malotte.

The wedding party and the 200 guests and friends retired to the church basement at the conclusion of the ceremony for a reception. The bride and groom and wedding party were seated at a table illuminated by candles and graced by white mums. Serving the guests were the young people of Central Christian church, aided by Mrs. Margaret Davis, Mrs. Paul Smith, Mrs. Clarence Frey, Miss Rose Ann Zeiler and Miss Peggy Lou Moore. Mrs. Shoaff is a graduate of Shennango high school and of the Kentucky Christian College. She has been employed in the office of the Bell Telephone company in the Temple building.

Mr. Shoaff graduated from New Castle high school and was a member of the Sea Bees (construction battalion) during World War II, having served in the Pacific for three years. He is employed at McClelland Florists on North Mill street.

The couple left for a wedding trip to an undisclosed destination and upon their return will be at home to friends in an apartment at the home of the groom's parents at 343 1/2 Shaw street.

On Tuesday evening, a rehearsal party was held in the groom's home. Following rehearsal, Mrs. LeRoy Davis and Mrs. Vance Glenn, aunt and sister of the groom respectively, served refreshments.

## WALMO KENSINGTON EVENING PICNIC

Forney, Matland lane. At 6:30 o'clock a three-course dinner was served to 22 at a table on the lawn prettily decorated with vases of garden flowers.

Following dinner, guests played outdoors for an informal social time then went indoors later where they were served a birthday cake in celebration of their host's birthday. As decoration in the living room a large vase of lovely gladioli was a point of interest.

During the evening members wrote a round robin letter to Mr. and Mrs. Joseph Craig, former residents of Walmo, who moved recently to a settlement near San Bernardino, Calif.

Special guests present were Mrs. E. S. Carter of Asbury Park, N. J., and Mr. and Mrs. Gunmar Hok of Middletown, Conn. Mrs. J. C. Williams and Mrs. Tom Nesbit aided the hostess.

At 6 o'clock a bountiful dinner was served at tables on the porch and on the lawn to a gathering of 60. Later Dr. Rogers showed several interesting reels of movies of activities on the farm and afterward guests walked over the farm, viewed the cattle and enjoyed an informal social time before bringing the evening to a close.

Mrs. Helen Blair, of Wellsboro, past state president, was an out-of-town guest introduced to the group by Miss Evelyn Spencer, B. P. W. president. Aides to the hostess in arrangements for the picnic was Miss Mary Elizabeth Norris.

## L. J. Lewis Given Signal Honor By Great Britain

Presented With Ribbon Emblematic  
Of The Kings Medal For  
Service Rendered

L. J. Lewis of 217 Glenmore boulevard was signally honored by the government of Great Britain, when he was presented by A. M. Galbraith, British consul, representing Lord Inverchapel, British ambassador to the United States with the ribbon emblematic of the King's Medal for service in the cause of freedom in recognition of the valuable service rendered in the Common Cause. Because of the shortage of metal, the latter will be awarded later.

The presentation, which was one of 12 in the tri-state district, was made by Consul Galbraith at the Princeton-Yale-Harvard club, William Penn hotel, Pittsburgh.

During the war Mr. Lewis was a member of the executive council of the British Relief society in western Pennsylvania and served in a special campaign for the Lawrence county unit of the B. W. R. S. which raised \$23,500, and sent two mobile kitchens from New Castle, Pa., to New Castle, England, and also furnished a children's hotel. He was also chairman of the committee which shipped more than 10,000 pounds of clothing and household materials to the British Isles.

The presentation of the actual King's Medal for Service in the Cause of Freedom will be made later.

YORK, Pa., Aug. 21.—(INS)—A coroner's jury held Raymond Billet, 42, of New Cumberland, responsible for the collision of his truck and an automobile in which three members of a York family were killed and a fourth injured.

The jury ruled that Billet was negligent in the operation of his vehicle.

Killed in the accident near Conewago bridge, July 19, were John Hewitt, 35, his wife, Gladys, 32, and her mother Mrs. Lillie Baumgardner 55. The couple's son, Jack, 10, was still hospitalized in York.

## Around Hollywood

By JOHN TODD

International News Service Staff Correspondent

HOLLYWOOD, Aug. 21.—(INS)—

Martha Raye's happy girl now—off-screen, where comedians are supposed to be sad as can be.

She can take the DeBussy and Tchaikovsky records out of hiding, admit that she has two books, and that she decorated her exquisite Hollywood home all by herself, and in refined colors.

Really An Artist

Martha played the role of the indestructible Annabella in Charles Chaplin's new film, "Monsieur

Verdoux" and every long-haired critic in the country suddenly discovered that the boisterous Martha was really an artist.

"I'm not just exactly losing my mind about it," said Martha, who for years hasn't even admitted she had a mind. "But it's sort of heartening to be pegged as more than just a big yak."

A trouper who was born in the dressing room of a little mid-west theater where the family act was performing, Martha has played low-aimed high-priced comedy in the films in theaters and in night clubs for years. She doesn't mind that word "years" if you also mention the fact that she had quite a head start—as a four-year-old.

Has Done Fine

She's done fine, and so has the Bureau of Internal Revenue. Martha has a weekly stipend of five figures, a devoted husband, and brought the film out of the doldrums—good old Martha.

Now, since her new role, the clippings come on slick paper and use such terms as "aristocracy," "subtle humor" and "nuances of timing."

Martha said: "Sure I'm a ham and I could play Hamlet. But I waited until the critics said it first—so yaa-ah!"

## Marietta G.I.'s Solving Campus Laundry Problem

MARIETTA, O., Aug. 21.—(INS)—Two GI students at Marietta college have solved the problems confronting Marietta housewives who need washing machines but can't get them.

Their answer is the "H &amp; M Washerette," their first self-service laundry in Marietta.

The two men, George Haupt, Brooklyn, N. Y., and John F. McGilvray, Norwood, Mass., decided to tackle such a venture after talking to married couples on the Marietta college campus.

"The couples said they needed greater laundry facilities," Haupt explained.

"And they wanted a fast, inexpensive means of washing clothes," McGilvray added. "The Washerette will be our solution for them."

The Washerette will provide 12 automatic washing machines into which customers can insert a quarter and wash nine pounds of clothes. Clothes will have to be dried at home, but Haupt and McGilvray hope to acquire driers and three additional washers later.

## Cupid's Helper Will Take Leap

CINCINNATI, O., Aug. 21.—(INS)—Approximately 125 brides have marched serenely to the altar under the deft guidance of Ruth Ann Kirkendall but the 126th is bound to prove her most interesting assignment.

That bride will be Miss Kirkendall herself. She is a bridal consultant at a Cincinnati store. The marriage to Louis J. Schneider, son of a Hamilton county common pleas judge, is scheduled for early September.

Court House

Found Guilty In California Case

Former Local Man Found Guilty In Robbery District Attorney Learns

OTHER NEWS OF COURT HOUSE

Elias Charles, alias Louis Charles, has been found guilty of first-degree robbery in the courts of Los Angeles, Cal. The crime is similar to the charge of armed robbery in Pennsylvania.

Charles is under indictment in the Lawrence County courts for burglary. It is charged that he was a party to some of the safe cracking jobs here that were cleaned up several months ago.

On March 7, 1947, it was charged that Charles, with an accomplice held up the Roberts Ranch Super Market at 4030 Eagle Rock boulevard, Los Angeles, Calif., escaping with approximately \$13,000. Charles was later arrested and his alleged accomplice arrested in Chicago.

According to a telegram to District Attorney C. Leroy Donaldson, from Los Angeles Police Chief C. B. Horrall, Roberts was found guilty. His attorney has moved for a new trial and this motion will be heard on August 25. If the motion is denied sentence will be passed then it is expected. He is under \$3,000 bail in this county.

"MAD DOGS AND ENGLISHMEN"

According to Noel R. Coward, the English playwright, "Mad dogs and Englishmen go out in the midday sun." With no thought of invidious comparison we would like to point out that today the attorney of Zone 10, which is Lawrence, Beaver and Butler counties are disputing themselves upon the green sward of the New Castle Country Club, and in the midday sun too.

The temperature and the humidity are running for the end book today, it's golf day for the bar-risters and never mind the weather. Following the eighteen holes of sun drenched golf, the lawyers will take on a steak feed, asid by our secret service department to have all the earmarks of a grand hunk of victuals.

Many of the attorneys are torn between duty and desire and you can pick your own interpretation of that. The Republicans are doing a job on a baked ham dinner in New Wilmington and the Republican lawyers debating whether to play golf and eat or talk politics and eat.

ROHRER NOT A CANDIDATE

To the midsummer heat is added the heat of a political race for a number of court house officials. But there is one who has only the summer heat to bother him, County Commissioner Karl T. Rohrer. Mr. Rohrer is not a candidate for re-election and the tub thumping and political oratory bother him not at all these warm days.

Mr. Rohrer was appointed to his position upon the death of George H. Bolinger.

FISH NON CO-OPERATIVE

SIX SENTENCES

Six sentences were handed down Wednesday morning by Judge John G. Lamoree. All six were parties to some automobile accessories thefts and all received the same sentence, \$25 and costs. The six were Plummer Lee Armstrong, Audley Eugene Weir, William George Barber, Jr., Joseph Sciola, Charles Millione and Kenneth Sankey.

Career Girls May Find Sailing Rougher As Job Field Narrows

By MARTHA KEARNEY  
(U. S. Staff Correspondent)

WASHINGTON, Aug. 21.—Rough sailing was predicted today for career girls unless they figure to be smarter than their elder sisters.

Employment experts of the labor department's women's bureau said that an average girl these days can expect only to get an average job—and that only if she is better qualified than the next girl to hold it.

One such expert shook her head and remarked: "During the war years even an average girl could get by in a pretty good job. You have to be much better now than you did a few years ago in every employment field—including clerical—to get and hang on to any job."

"In the professions, for example, a woman has to be better than a man to get a job in a field where men are in the majority. In professions where women are in the majority, like teaching, they have to be much better than men to get top jobs."

The employment specialists pointed out that the number of women in professional and semi-professional fields has declined from the pre-war figure despite temporary wartime gains made by career women in the professions.

Bureau Official Speaks  
On women's bureau official, who is in practical touch with the situation, said:

"Many, many deans of women are worried about girl college students who want to get jobs as airline hostesses, interior decorators, radio broadcasters, personnel work-

ers, public relations women and other 'glamor' jobs.

"They feel that the girls are being escapist and unrealistic, running away from humdrum existence."

"There is always a chance in any field for a really brilliant man or woman and no one wants to discourage exceptionally talented girls from setting their sights on jobs they think they can do well."

"They have to realize, though, that the grind to get to the top in these fields is pretty grueling."

Labor department data has persuaded women's bureau analysts that even in the clerical field competition for jobs is getting heavier.

Although there is still a shortage of stenographers, the analysts said that employers seem to be more sen-

sitive to the efficiency of their stenographic employees and demand good performance where during the war years they resigned themselves to accepting the best work they could get.

The girls, in other words, are going to have to sharpen up their wits to make their prospects keener.

PARTIAL SHUTDOWN OF G.M. PLANTS WILL BE FORCED SHORTLY

Ninety-Eight-Year Old Groom Complains

LONG BEACH, Calif., Aug. 21.—(INS)—Ninety-eight-year-old Moses S. Lane complained today his fourth marriage, of 11 weeks duration, to 46-year-old Verba H. Foy had been kissless all along.

The June bridegroom, in suing for an annulment yesterday, said his bride "consented to the marriage only in form."

Two months, however, after she first met him, he stated it had been "love, love, love."

Corn-SpareribsLawrence County Chapter PMTA  
Holds Annual Event At  
Pearsall Home

Some strength was lent to the possibility of a corn and pork shortage this winter when the Lawrence county chapter, Pennsylvania Motor Truckers Association held their annual corn roast. The affair was a corn roast with barbecued spareribs done in a style that only Mrs. L. A. Pearsall knows.

The corn roast was held at the home of Mr. and Mrs. L. A. Pearsall on the Neshaunock creek. What the per capita consumption of pork and corn was remains a top secret but the cob and bone wreckage left on the tables indicated that appetites are larger this summer.

The attendance was the largest of several years, the fame of the Pearsall barbecued spare ribs having gone far. During the evening Mrs. Harry L. Gornley, representing the chapter, presented Mrs. Pearsall with a large sandwich tray as a token of esteem.

President J. Fred Clarke decreed no speeches and the hours after the corn roast were spent in enjoying the unusual scenery on the Neshaunock, cards, and conversation.

Guardsmen Near  
Conclusion Of  
Camp Training

INDIANTOWN GAP, Pa., Aug. 21. (INS)—Pennsylvania National Guardsmen will get a taste of rugged combat life today during a 10-mile march and overnight bivouac climaxed by their two-week summer encampment at the Indiantown Gap military reservation.

The entire force of 6000 officers and men will shoulder rifles and full packs to make the long hike shortly after evening mess.

Conditioned World War II veterans, comprising most of the troops, were expected to take the open air camping in their stride. Improvised shelter may prove rough going for hundreds of school boy "rookies" introduced to Army life at comfortable barracks on the sprawling military reservation.

Rev. Earl E. Collins officiated at the ceremony on August 15, at 7:30 p. m. The single ring ceremony was used.

Members of the immediate families were guests.

The bride was attired in a navy blue suit with beige accessories. Her only attendant, Berdena Anderson, sister of the groom, wore a tan suit with black accessories.

David Young, brother of the bride, served as best man.

Miss Loretta Garver played appropriate nuptial music and Olive Black sang "The Lord's Prayer" and "Amen."

Following the ceremony a reception was held for the immediate families.

The bride and groom departed on a wedding trip to Buffalo and Canada. Upon their return they will reside at the home of the groom's mother at New Castle R. D. 1.

Extend Derby  
Entry Deadline

Cal Rasey, general chairman of the Optimist club-sponsored Orange Crate Derby, announced today that the entry deadline for the event has been advanced to August 25.

All boys of the county who intend to enter racers in the big Labor Day classic are urged to get their blanks into the Commercial Printing office, East street, or to Pearsall's Sign company, Falls street.

Tonight there will be a regular meeting of the Optimist club in The Castlewood and the derby will be the main topic of discussion.

Prizes for the winners are on display in Butz Flower shop, Mercer street. The winner will be presented a "Whizzer" motor bike.

UNIONTOWN GIRL  
TO RETAIN MISS  
PITTSBURGH TITLE

PITTSBURGH, Aug. 21.—(INS)—Miss Lillian Hanford of Uniontown, Pa., can wear the title of "Miss City of Pittsburgh" after all.

She won the crown, and the right to represent the city in the Atlantic City beauty pageant, last week. But that right was contested by a Pittsburgh promoter, Don D'Carlo, and the title was held in abeyance.

D'Carlo held that Mrs. Grace Cummings, promoter of the show, had no right to "muscle in" on the pulchritude parade he had been staging for years.

Today he announced he had reached an out-of-court settlement with Mrs. Cummings—and the Uniontown Miss now is, officially, "Miss Pittsburgh."

VON DER LUFT  
PROBABLY WILL  
PLEAD GUILTY

PITTSBURGH, Aug. 21.—(INS)—Alexander Von Der Luft, 23-year-old Princeton university student, was expected to enter a plea of guilty in Federal Court in Pittsburgh today on a charge of theft of atom bomb secrets.

The youthful chemical engineer, a resident of Pittsburgh, is charged with having taken papers from the atom bomb experiment station at Los Alamos, N. M., while a sergeant in the Army.

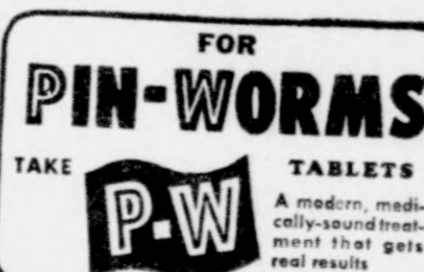

All the papers have been returned. Some were found in a wall safe at the home of his parents in Pittsburgh, and the rest in his room at Princeton.

## Tourists In State Acclaim State Police Greeter Role

HARRISBURG, Aug. 21.—That the friendly hand of hospitality being extended by the Pennsylvania state police in cooperation with the Department of Commerce to out-of-state motorists is appreciated is seen in complimentary letters being received by the two agencies.

State police manning a number of ports of entry stations where motorists are passing out highway and pictorial maps and other literature provided by the Department of Commerce and are asking visiting motorists how they may be of service in directing them to their destinations or suggesting places they may want to visit. The maps being given visitors not only include the highway system, but also a four-color pictorial lay-out showing most of the major scenic and historic sites and recreational areas.

The New York Sun, in a column entitled "The Woman Who Sees," said:

"A friend of the Woman and his family were driving through western Pennsylvania recently and were stopped by a state trooper. Visions of appearing at court; questions of what offense had been committed occurred to them."

"Good morning," said the trooper pleasantly. "I noticed your out-of-state license. We are trying to acquaint out-of-staters with our historic spots, our scenic sites and other advantages. Here is a map of Pennsylvania. Good luck on your trip and if we can be of service to you at any time don't hesitate to ask us."

"The sighs of relief of the four in the car were clearly audible."

A man from Cleveland wrote: "In a very courteous and friendly manner the trooper presented me with a map of your state, offering me assistance and directions on how to reach our destination."

"I have been driving since 1914 and it is certainly a pleasure to have an officer volunteer assistance. To me it was the most pleasant experience I have ever encountered. You are to be complimented for inaugurating and carrying out such a program and I sincerely hope it will mean an increase in the number of visitors to your state."

The Dominican Republic has 14 principal crops, which account for more than half the total agricultural income. They are plantains and bananas, sugar cane, avocados, rice, cacao, coffee, yuca, mangoes, dried beans and peas, sweet potatoes, corn and oranges.

## Church Youth Will Rally At Wampum

Beginning a series of monthly rallies of the northwest section of the Assemblies of God youth people, Rev. Edwin Schmidt, pastor of the First Pentecostal church of the Wampum area, will hold on Friday evening at 7:45 o'clock, D. S. T. in the Wampum church.

The speakers and singers for the first rally will be the Griswold trio, a talented group of young people from Texas, who will sing, testify and speak during the service.

Rev. Schmidt is the sectional leader for the rally district. The rallies are held in various churches of the district.

## Neshannock Post Will Plan Picnic

Neshannock Post 315, VFW, will hold a regular semi-monthly meeting in the post home at 8 tonight when a program will be presented for the post picnic to be held at the Cascade Park on August 30. Plans also will be outlined for a one-day bus trip on September 8 to the National VFW Encampment at Cleveland, O., to witness the military parade, and more details will be announced for the so-called contest for post members to help raise money for the Cancer Research Fund.

## Declares Person Does Not Sleep 'Like A Log'

HARRISBURG, Aug. 21.—"A person doesn't sleep like a log, but like a rolling stone," declared Dr. Howard K. Petry, superintendent of the Harrisburg State hospital and president of the Medical Society of the State of Pennsylvania, in an informal discussion of sleep, which he described as "the thing we do the most, yet think the least about."

"The sleeping person moves perceptibly on an average of about six times an hour," explained Dr. Petry. "This has been demonstrated by careful studies in which written tracings of movements during sleep were recorded. There is no single position that results in complete relaxation, because our muscles are so constituted that when one group is relaxed another group is contracted, and we have to assume a

number of positions in sleep in order to relax all our muscles.

### Causes Of Insomnia

"Insomnia may be caused by any one of a number of things," added Dr. Petry—"physical discomfort, toothache, headache, improper temperature in the bedroom, inadequate or excessive bed clothing, or that over-size piece of pie eaten just before retiring. Many people have the habit of taking their troubles to bed with them—they review, business cares, or try to figure out why they lost that last rubber of bridge."

"We should be prepared to relax when we go to bed," advised Dr. Petry. "Relaxing is a gradual process and, therefore, it is wise to spend the hour before retiring in some soothing occupation—listening

to good music, reading an interesting article, talking a short walk in the open air, or playing such a non-stimulating game as solitaire. And don't have family arguments just before retiring. Save them for tomorrow, and 'behold, how brightly breaks the morning!'"

### DEADLY PLANT

The Venus flytrap snaps its leaves shut to catch insects for food. The pointed hairs inside the trap act as triggers to snap the leaf together.

## Bones Are Not Those Of Missing Girl

MILWAUKEE, Aug. 21.—(INS)—The federal bureau of investigation announced that the bones of a child discovered near Manitowoc, Wis., were not those of 8-year-old Georgia Jean Weckler, missing since May 1.

Two men walking along the beach discovered the bones.

The FBI studied the remnants

of the body and the few pieces of clothing also found near the Lake Michigan shore in an effort to determine if they might be the remains of any other child believed kidnapped.

However, no other child was reported missing in recent months in the Manitowoc area.

It cost \$133 in special federal, state and local taxes to buy a new car and operate it one year. Federal excises on cars, tires, gasoline and oil take \$95 of the total.

## Young Man Who Married Stepmother Fined For Vagrancy

MURPHYSBORO, Ill., Aug. 21.—(INS)—Twenty-eight-year-old Victor Pitts who married his 75-year-old stepmother, Mable Pitts, two weeks ago was in the news again today.

Pitts was fined \$100 on a vagrancy

charge in police court at Murphysboro. He admitted his wife was supporting him as she said she knew she would have to do at the time of their marriage.

Police Magistrate George J. Ozburn paroled Pitts on condition that he go to work.

The earliest volunteer fire department in this country was organized in New York by Peter Stuyvesant in 1659. Leather buckets and a supply of hooks and ladders were purchased.

Kiwanis Ready

Two Days Event Will Open  
At Wampum On Friday  
With Big Entry  
List

UNDERPRIVILEGED  
KIDS TO BENEFIT

New Castle Kiwanis club made final preparations for the big horse show which will take place at the Pleasant Valley Farm at Wampum, Friday evening and Saturday afternoon and evening, at their weekly noon luncheon meeting in The Castleton, Wednesday.

General Chairman William B. Hanna made a complete check with all committees, which showed that the arrangements are well in hand, and that everything possible is being done to make the event an attractive one for lovers of horses.

The proceeds from the show will be devoted by the club to work among the underprivileged children of the community.

An entry list of some 75 horses is indicated, which will include some of the finest show horses in western Pennsylvania and eastern Ohio.

Marshall Assisting

H. W. Marshall of Wampum, who has been in charge of the Wampum Rotary club horse shows for several years, was present at Wednesday noon's meeting, and gave the club members the benefit of his extensive experience in the horse show business.

Mr. Marshall is assisting the club in the arrangement and the securing of a well-balanced entry list of horses and riders, assuring that the finest horses in the district will be on hand for the big exhibition.

It was announced by president Joseph A. Hartman that the annual corn and wiener roast for Kiwanis members and their families will take place at the Y. M. C. A. camp on Wednesday evening, September 3.

John R. Hodge is chairman of the program for the evening, with Love Hughes in charge of the menu, which will assure an outstanding event. Reservations must be made by next Wednesday, it was stated.

Pennsy To Use  
Modern Freight  
Loading Device

Equipment Will Increase Efficiency;  
Protect Against Damage  
En Route

A major development in freight car equipment—load securing devices permitting more efficient loading of less-than-carload freight, and increasing protection against damage enroute—was announced by the Pennsylvania railroad today. Improved service to shippers, virtual elimination of damage to freight handled in equipped cars, and more efficient operation grow out of the development.

The new devices used in larger than standard box cars enable the railroad to increase the average loading of merchandise freight as much as 133 per cent, officials said. Four hundred of 2,100 box cars now being constructed at the railroad's Altoona, Pa., works will be assigned to merchandise service and equipped with the devices, which are similar in principle to the familiar barnyard gate and to closet shelves.

Steel Gates

Steel gates with upper and lower sections are fastened to the sides of the car approximately six feet apart. When closed they lock together to form bulkheads across the car from the floor to near the ceiling. Sectional steel and wood shelves are hinged to the top of each of the lower gates. When the gates are locked in position after the section is loaded, the shelves are in position to be loaded. The shelves are swung up and made to rest on the top of the adjacent gates, forming a second floor or deck between the floor and ceiling.

When the gates and shelves are in use in a loaded car they have the effect of dividing the car into small compartments. Freight piled in the upper compartments rests on the shelves, so that it cannot damage freight resting on the floor. The gates keep the freight firmly in position and prevent shifting while the car is in motion.

Britain Warns  
4,000 Immigrants  
Must Quit Ships

(BULLETIN)

LONDON, Aug. 21.—(INS)—Britain warned today that the 4,000 Jewish immigrants from the "Exodus 1947" will be shipped to Germany if they do not begin leaving three British transports off Port De Bouc, France, by 6 p.m. tomorrow. A statement of the foreign office said that inasmuch as it is clearly impossible to leave the three British transports in French waters indefinitely they will "sail for the British zone of Germany where the passengers will be immediately disembarked."

The immigrants, seized last month

off the coast of Palestine aboard the steamer "Exodus 1947," were returned to Port De Bouc, their point of origin.

They have steadfastly refused to quit the transports despite official French assurances of sanctuary.

## German Girl Is Given Reprieve To Marry Aussie

Daughter Of Naval Attache In  
Tokyo Will Not Be Repatri-  
ated To Homeland

YOKOHAMA, Aug. 21. — An eleventh-hour "reprieve" permitted the comely daughter of Germany's last naval attache in Tokyo to leave a repatriation ship Wednesday so that she can marry a New Zealand war veteran.

Pretty Jutta Wencker, 22, took her baggage off the U. S. Army Transport General Black a few hours before it sailed from Yokohama, carrying more than 800 Germans back to their homeland.

Jutta told newsmen at the dock that, as soon as possible, she is going to marry Harold J. Evans, son of New Zealand's solicitor general. During the war the prospective bridegroom was a Royal Air Force flight lieutenant who fought Nazi planes over England.

American authorities, heeding the dictates of romance, gave Jutta permission to get off the ship shortly before it sailed in the last major repatriation of Germans from Japan.

The romance blossomed in Tokyo shortly after the German girl met young Evans who is serving in the Japanese capital as an associate of the New Zealand judge on the International War Crimes Tribunal. Jutta, almost breathless with joy over her "reprieve," told reporters the wedding will take place at Wellington, N. Z.

Her father is Admiral Paul Wencker. At the outset of the European war he commanded the famed Nazi pocket battleship Deutschland when it captured the American freighter City of Flint in 1939—one of the major incidents before the United States entered the conflict. Wencker left aboard the General Black with the rest of his family. Just before the departure, the German admiral told newsmen he is happy about the forthcoming marriage of his daughter. He said he had heard from the Evans family in New Zealand.

It has been determined that 67.3 percent of the total population of the United States continues to live in the states where born, 20.7 percent reside in other states than where born, and the remainder are foreign-born, or at sea, or in detached territories.

## LITTLE BEAVER

Mr. and Mrs. Paul W. Young and family of Beaver Falls were guests at the home of their parents, Mr. and Mrs. J. C. Young, on Sunday.

Mrs. H. C. Dudas and Mrs. Ruth Glaskow were visitors in Beaver Falls on Wednesday.

Mrs. Harle Witherspoon and Mrs. J. C. Young were visitors in New Castle on Wednesday.

Charles and Joe Dudas returned home Sunday after a week spent with relatives in Virginia.

Mr. and Mrs. H. H. Young visited at the home of Mrs. Blanche Remler of Zellenople recently.

Mrs. James Kale spent Sunday at the home of her parents, Mr. and Mrs. J. V. Knepp.

Mrs. George Thomas of Bellevue was a guest at the home of her sister, Mrs. Harry Young on Tuesday.

Jim Summers and Richard Gearing of New Brighton were visitors at the home of Charles Clemmer on Saturday.

Nine out of ten home fires, the NFPA chief said, are preventable. He added that the country needs one million and a half more dwellings, but half a million go up in smoke yearly.

## Y.W.C.A. Building Being Improved

**Renovations, Improvements Under Way In Preparation For Fall Program**

Improvements on the interior of the Y. W. C. A. building on the public square are well under way, it was announced by Miss Margaret White, secretary.

During the summer the halls of the first and second floors and the auditorium have been washed down and cleaned in preparation for fall program work. At present the gymnasium is being cleaned and reorganized. A large amount of plaster patchwork has also been done in the gym.

The Green Room, as it is called, which serves as a club room and dining room, has been cleaned, and the ceiling lowered to cover beams which previously showed, and also to cover unsightly plaster. It now gives the room a lighter and more cheerful appearance.

Further improvements will be carried on when a new furnace is installed, and when a new rug has been purchased for the front parlor.

This building was built in 1895 by Ira D. Sankey, singing evangelist with Dwight Moody. He built the building with money received from the sale of song books, and gave it to the Y. M. C. A. The Y. M. C. A. built a new home in 1915, and the building was bought by the Y. W. C. A.

### Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent urination, passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep. When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

## Shenango 'Y' Vacation Club Ends First Week

Vacation Bible club of the Shenango street Y. M. C. A. has concluded its first week of sessions.

The original plan of lecturing and research have been by-passed for the practicing of general discussions between the leaders and the pupils. The leaders, Rev. J. L. MacFarland and Rev. J. Buford, have found that the pupils relish the chance to ask questions in their

own manner and seek answers to problems they do not understand. Harvey Burris, a student at Lincoln University, has been taking the lead in most of the discussions. The school will continue for one more week, at the scheduled hours of 10 a. m. until noon.

## Reds Attempting To Control Slav Clubs In Nation

Campaign Under Way To Gain  
Control Of Powerful Organi-  
zations This Year

WASHINGTON, Aug. 21.—(INS)—A member of the House Un-American Activities Committee charged that a Communist campaign is underway to seize control of one of the most influential Slavic organizations in the country at its convention next month.

Rep. McDowell (R) Pa. reported the Communist drive is aimed at winning key positions in the Croatian Fraternal Union at its national convention in Pittsburgh beginning Sept. 15.

He described the campaign as further evidence of a determined Communist effort to gain the support of nearly 15 million persons of Slavic descent in the United States. McDowell pointed out that the Croatian Fraternal Union is the largest Yugoslav-American organization in the United States. He said delegates to the convention represent Slavic fraternal orders, cultural groups and similar language societies.

### Have 20,000 In Fold

He reported it has a membership of 20,000 Croatian Slavs in western Pennsylvania alone.

The Pennsylvania Congressman asserted the Communist campaign strategy was directed against supporters of Dr. Mladen Giumio-Zorkin, former Yugoslav diplomatic aide who denounced Communism after fighting with Marshall Tito.

Dr. Zorkin, testifying secretly before the House Un-American Activities Committee for two full days, charged that "fifth column" activities were being conducted in this country by the Tito government and other Soviet satellite nations through their embassies.

He also has been actively lecturing among Slavic groups in this country on his first hand observations of Communist regimes in the Slavic European nations.

McDowell said that known Communists have been urging the defeat of candidates at the Pittsburgh convention who have expressed themselves in agreement with Dr. Zorkin's views.

He declared that the Communist drive among Slavic-language groups in this country is based on the Pan-Slav theory in which Russia is portrayed as the mother of the Slavic peoples.

## Old Iron Mine Near State College Will Be Operated

PHILIPSBURG, Pa., Aug. 21.—The Scotia Iron Mine, four miles north of State College, where Andrew Carnegie got his start, within two weeks will resume peacetime operation for the first time in 47 years.

Announcement to that effect was made by spokesmen for Peter M. Chamberlain of Jacksonville, Tex., who recently acquired the property from the War Assets Administration and indicated that full scale production is expected to be attained in two months.

Founded in 1883, the "Sage of Skibo" operated the mine until 1900, when it was abandoned because of the light value of its ore. However, it was resumed during the first world war when the need for ore was great, only to suspend when the war ended.

Mr. Chamberlain paid \$170,000 for the operation that cost the government \$753,259. At capacity, it will employ 60 men and produce 400 tons of ore daily. New and experimental methods of operating the mine will be used, according to the new owner.

## Two Are Killed In Electrical Storms

DARIEN, Conn., Aug. 21.—(INS)—Two Connecticut men were dead, one a prominent publisher, the other a boxer, as the result of severe electrical storms in North Atlantic states.

Daniel W. Ashley, 53, vice president and publisher of the United States News, national weekly, was killed as he walked to the garage of his Connecticut home.

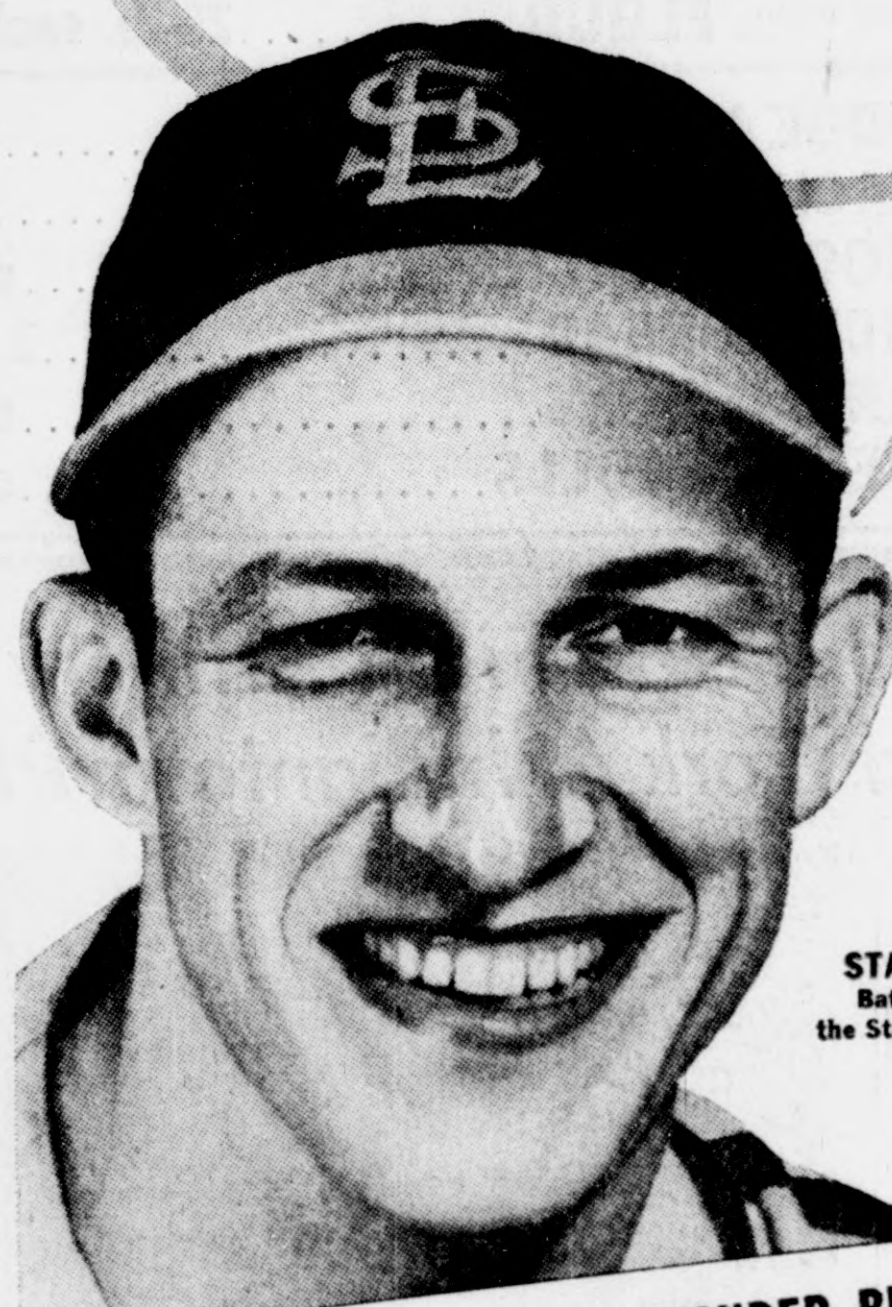

Ashley's son discovered his father's body when he failed to return to the house. The head was bruised and the neck badly burned.

The second victim was Joe Jennings, 22, Norwalk, Conn., boxer. A boat in which Jennings and two companions were fishing capsized near Sheffield Island in Norwalk harbor.

The other men were rescued by a motor launch.

## OHIO'S TINIEST COUNTY TO HAVE FINE CRIME LAB

CIRCLEVILLE, O., Aug. 21.—(INS)—Sheriff Charles Radloff claims that very soon Pickaway

county—smallest of Ohio's 88 counties—will have one of the best equipped "crime" laboratories in the state.

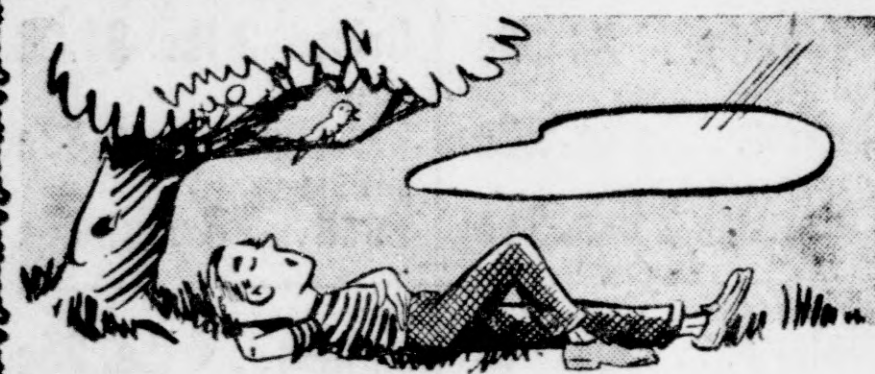

The work of building the laboratory beneath the county jail is near completion under the sheriff's supervision. It is located in a tunnel

which extends from the jail to the courthouse. The underground passage was abandoned many years ago after several jail prisoners used it successfully as a means of escape.

## New Castle's 229th Field Artillery Goes Through Intense Field Work At Indiantown PNG Maneuvers

### Hot Weather Is Detriment

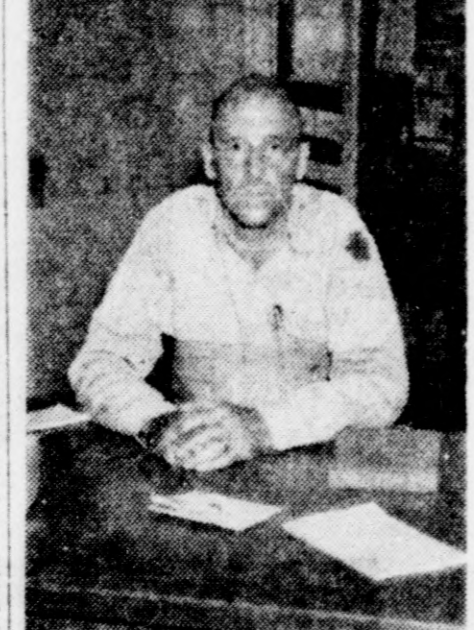

Guardsmen Will Return To City Saturday Night; Have Learned Much In Stay

Battle-tested World War II veterans and downy-cheeked teenagers are winding up two weeks of simulated "war" at Indiantown Gap, Pa., as the giant Pennsylvania National Guard encampment draws to a close.

New Castle's own 229th Field Artillery battalion was an integral part of the state-wide field maneuvers, and scenes taken at the site by The News photographer show them in the field during the brief but intense training.

**Weather Torrid**

The Guardsmen ran into one real "foe" at the Gap—humid, in-

—New Castle News Photo

escapable weather, which made the training areas glaring infernos and caused the sweltering soldiers to sweat through their uniforms in a short time.

Despite this "wool blanket" weather, the men entered into their problems with an enthusiasm that made their officers beam and The News photographer reported nothing other than the usual "Army gripes" from the perspiring soldiers.

**Learn Much In Stay**

Keenly cognizant that the impending tactics of war revolve around the technical development of armies, the officers in charge dispensed with much of the drilling and marching and concentrated on informative courses. The 229th was busy learning the many techniques of artillery firing, construction and maintenance of their weapons and the problems peculiar to their branch of the service.

The 17 and 18-year-olds who were at the camp, as well as the veterans, can look back on their two-week stay as wholly worthwhile as they strive to keep Pennsylvania and the nation alert in the techniques of war.

**LINKS FRUSTRATION**

HAMILTON, O.—(INS)—Speaking of golf, the height of frustration recently overtook one Hamilton par-battler. Coming to the close of an unusually good round, our hero hooked his tee shot off the fairway and through the open door of a tool shack. It was late in the day, and when the shot-maker arrived at the shed, workmen had locked it up and gone home for the day.

 Over 400 rookies, 18 years of age, and new to the ways of Army life, are taught basic drill formations and marching by officers and NCO's at the Muir field parade ground. Thirty of the group are members of the 229th battalion.

As they pass this introductory step they are absorbed into their units for specialized training.

**INVITATION FROM DEATH**

VANCOUVER, B. C.—(INS)—It took French and Canadian government and Vancouver police officials seven years to identify the body of a man drowned off the French coast. The corpse was that of a British Columbia sailor, Richard Baxter, who died in action during the war. Baxter's body was found on the shore at Souillac-surmer, in southern France, July 25, 1940. On

his person was found a soaked invitation to a Vancouver wedding. The invitation proved the clue which led Ottawa and city police to the correct identity.

### PEACH DESSERTS ARE FAMILY FAVORITES

With the peach season in full swing, there seems to be little need to encourage the eating of fresh peaches. Because this delicious fruit can be served in many ways, it has a definite place in the family menu.

Peaches may be eaten in the simplest ways—out of hand, sliced with cream, combined with other fruits in salads and fruit cups and sliced on top of breakfast cereals. To keep fresh peaches from turning dark when cut, slice them at the last possible minute before serving. If they must stand a while before serving, sprinkle lemon juice over them to help them retain their bright color.

Summer days would not be complete without memories of luscious peach shortcake or old-fashioned peach cobbler. Use your favorite biscuit dough recipe for the shortcake. Split the top crust to let out the steam! The peaches may be whole, in halves, or sliced. Each time you make cobbler, you might vary the style of the peaches.

For a special party dessert or to add dash to an ordinary meal, why not try peach mousse. For it you will need 1 pint whipping cream, 2 cups fresh peach pulp, 2-3 cup confectioner's sugar, 2 egg whites, 1/2 teaspoon salt and 1/2 teaspoon almond flavoring.

To make the mousse, whip the cream and fold in the peach pulp, sugar, salt, flavoring and beaten egg whites. Pack in mold, cover, and place in a mixture of six parts ice to one part salt. Freeze four

to six hours. This recipe will make eight servings.

### ARTIFICIAL BREEDING TOPS NATURAL SERVICE

Artificial breeding of dairy cattle in Lawrence County now tops natural service in efficiency, and the same is true for the State as a whole, according to information released by extension dairy specialists of the Pennsylvania State College.

This was to be expected since careful daily examination of all fluids used in the artificial breeding program assures that all of it is fertile. This procedure is impossible in natural service with the result that infertile sires may be used for months before their impotency is detected.

Extension specialists give ex-

perience much of the credit for the improved showing in this new breeding program which they say is doing more for herd improvement than any other factor in the dairy program for many years.

Managers of breeding headquarters and technicians, since artificial breeding started, have gained the experience necessary to do a thorough job. Dairymen understand better the correct procedures to follow. With all three co-operating, efficiency has been rising steadily. During the last several months it has run between 70 and 75 per cent. This is about five per cent higher than recorded for natural service on an even larger number of cows.

Some herds have 100 per cent efficiency—all cows with calf after the first breeding. Some herds with

low efficiency have kept the average down, but once the problems involved are solved, and with added experience and improved methods, the average is expected to go even higher than at present.

### WANT REGULATIONS FOR MOTOR BOATS ON PYMATUNING

GREENVILLE, Pa., Aug. 21.—Mo-

tor boat owners using Pymatuning lake today formed an association which they say will make an effort to secure uniform regulations for motor boats operating in Ohio and Pennsylvania waters of the reservoir.

Samuel Lucas, who was named president, also says the association will request construction of additional docks along the shoreline and will hold regattas.

Henry G. Hammerly, formerly a carpenter's mate, second class, in

the Navy's Seabees, is constantly reminded of his wartime association with his fighter-bomber buddies and the Seabee motto "Can Do." Henry's hometown is Cande, N. D.

## City Hall Some City Funds To Be Placed In Government Bonds

**Council To Invest \$180,000 In U. S. Bonds For Period Of Coming Year**

Council met Thursday in city hall and vested authority in Mayor Haven, Finance Director Hoyland and Treasurer Hanlon to invest \$180,000 in U. S. government bonds, bearing 13-4 per cent, due June 15, 1948, plus accrued interest and brokerage fee.

The bonds will be bought from James H. Scott & Co., Pittsburgh brokers.

The \$180,000 is a portion of \$500,000 realized from a city bond sale

for local improvements, and which will not be needed for another year, hence the desire of the city to have the money draw interest.

**GILFILLAN BEFORE COUNCIL.**

Attorney J. Clyde Gilfillan appeared before council and suggested that he be permitted to connect his property, outside the city, to the sanitary sewer at Northview avenue, instead of at Delaware and Audley avenues.

Under a decision of the courts the city was instructed to grant the Delaware and Audley avenue connections.

However, Gilfillan today reported much better results could be obtained by permitting a connection at Northview avenue.

Mayor Haven pointed out that there is a probability that if such were allowed, it would over-crowd the Neshannock avenue sewer.

However, council, through a motion by Improvements Director Gibson instructed the city engineer to make a survey showing whether or not the most advantageous connection point.

## OLD TOMBSTONE

CHARDON, O.—(INS)—A demolished barn in Chardon has given up the tombstone of one of the town's earliest settlers. While removing the barn on the property of Mrs. Dana Latimer, workmen discovered the old gravestone. Engraved on it was, "Mrs. Susannah Canfield, wife of Norman Canfield, formerly of Westbury, Mass., born July 20, 1787, and died June 11, 1821, aged 34 years." The Canfield family came to Chardon in 1804 and built the first dwelling in the community. For many years they operated it as a hotel.

## Think Definitely 1943 Bomber Crew Perished In Crash

WASHINGTON, Aug. 21.—(INS)—The army air forces said today that the crew of the B-24 Liberator bomber "Damfino" had been presumed dead by the war department for more than three years.

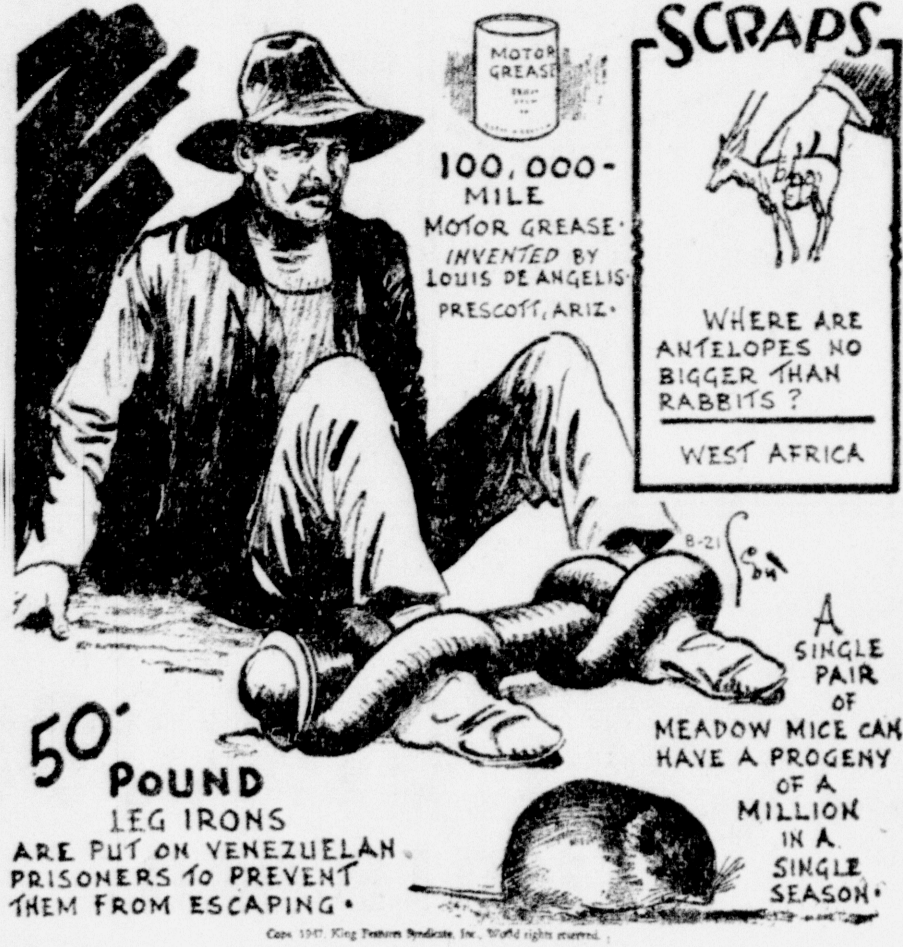

The AAF said that members of the families of the plane's crew had reported from time to time that they had heard the crew was taken prisoner and was still somewhere in Europe.

To counter these reports the AAF produced records of eyewitnesses who saw the plane crash in flames from an altitude of 200 feet during the famous low-level bombing of the Ploesti, Romania, oil fields Aug. 1, 1943.

When the plane failed to return to its base the crew members were listed as missing in action as a routine measure, despite the eyewitness reports. After a year they were listed as missing and presumed dead, in accordance with war department procedure.

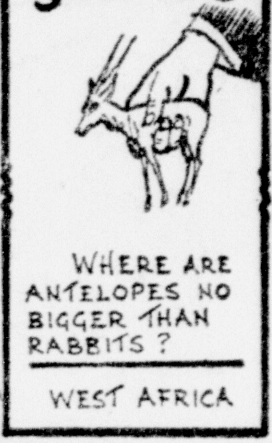

Eyewitnesses quoted by the AAF said that it would have been impossible for any persons in the "Damfino" to have lived through the crash, and one officer said: "I hope they were killed instantly in the crash, and not by the flames."

## Shot Three Times In Alleged Robbery Attempt At Tavern

PITTSBURGH, Aug. 21.—(INS)—Sylvester Barton, 38, whose driver's license and social security card gave the address of Lockport, N. Y., was shot three times today in what police reported was an attempted burglary of a tavern in suburban Carnegie.

Police said he was shot in the chest, neck and shoulder by Ed-

ward Czochara, a bartender in the tavern, who surprised him in the act of looting the cash register. Barton was in serious condition in a Pittsburgh hospital today. Police said a companion "tipped them" that Barton was sitting on the porch of a physician's home in Carnegie following a shooting.

Barton, who also went under the name of Bartolo, was paroled from Western penitentiary January 25, 1946, after serving part of a burglary term. He had been living in Carnegie since.

## Parking Space 50 Years Ago Different In Town

Time makes a difference. For instance 50 years ago there was only one parking place for wagons, drays, hacks and vehicles offered for hire. Nowadays there are regular stops for busses and "stands" for taxicabs.

In 1897 the parking place for wagons, hacks and what have you, was South street between South Jefferson street and Apple way. They had to be parked lengthwise along the curb and what's more they could not be parked in front of any dwelling or business house.

This is read in an ancient ordinance adopted by select and common council of which J. W. Faltis was president and E. I. Phillips secretary, respectively. The ordinance was approved June 30, 1897.

It called for a fine of \$1 and not more than \$5 for violation, in default of which one could be imprisoned for not more than five days.

### Wise Words Concerning Honesty

Highlights On The Sunday School Lesson

By NEWMAN CAMPBELL  
(The International Uniform Lesson on the above topic for August 24 is II Samuel 24:18-25. Proverbs 23:11-13; 12:17-22; 14:5; 20:10; 23:10-11; Matthew 5:37, the Memory Verse being Romans 13:10, "Love worketh no ill to his neighbor; love therefore is the fulfillment of the law.")

The first part of our lesson today tells us of a sin committed by King David, when he took a census of the people against the Lord's wishes, and in consequence a plague fell upon the people and thousands died. David confessed his sin to an angel of the Lord which appeared to him, and asked that the plague be stopped as he was the one who had sinned, not his people.

Gad, his seer, came to David and said to him, "Go up, rear an altar unto Jehovah in the threshing floor of Araunah, the Jebusite." Araunah lived just outside the walls of Jerusalem, and he was a wealthy chief of the conquered race of Jebus, who, according to tradition, was spared by David because of an old friendship, when David conquered his people.

"And David, according to the saying of Gad, went up as the Lord commanded. And Araunah looked, and saw the king and his servants coming toward him; and Araunah went out, and bowed himself before the king on his face upon the ground.

"And Araunah said, Wherefore is my lord the king come to his servant? And David said, To buy the threshing floor of thee, to build an altar unto the Lord, that the plague may be stayed from the people. And Araunah said unto David,

Let my lord the king take and offer up what seemeth good unto him; behold, here be oxen for burnt sacrifice, and threshing instruments and other instruments of the oxen for wood."

A millennium before this, Abraham had offered his son as a sacrifice on this very spot, and later the temple of Solomon was built here. Threshing instruments were sledges or frames, armed on the underside with rollers or sharp spikes used for the purpose of bruising the ears of corn and extracting the grain, and at the same time breaking up the straw into small pieces for use as fodder.

"All these things did Araunah, as Offers Them as Gifts

a king, give unto the king. And Araunah said unto the king, The Lord thy God accept thee."

King David would not accept all these gracious gifts from his friend, however, and insisted upon paying him fifty shekels of silver. Then David "built there an altar unto the Lord, and offered burnt offerings

and peace offerings. So the Lord was intreated for the land, and the plague was stayed from Israel. David, being an honest and fair-minded man, would not avail himself of another man's religion, but insisted upon "paying his way," as we say.

"A false balance is abominable to the Lord; but a just weight is His delight. The integrity of the upright shall guide them; but the perverseness of transgressors shall destroy them."

Sad to say, many people will cheat when they see the chance. During the war years we heard repeatedly of people buying in the black markets, paying exorbitant prices for

things that were scarce because their selfishness made them think they must have them at any cost. They deprived more honest people of these goods, because if they had been fair, they would not have patronized dishonest markets, and if no one had bought in them, they would have vanished.

In their hearts they probably were not really happy. In the end they did not benefit from the transactions, "the perverseness of transgressors shall destroy them."

Dishonesty Never Pays  
All through life, from the child in school who cheats and lies, to the older men and women who give false returns on their income tax

statements, trying to cheat the government, dishonesty never pays. Even if their dishonesty never is discovered, they are not happy in their hearts. But "He that speaketh truth sheweth forth righteousness; but a false witness deceit."

"There is that speaketh rashly like the piercings of a sword; but the tongue of the wise is health. Deceit is in the heart of them that imagine evil; but to the counsellors of peace is joy.

"There shall no evil happen to the just; but the wicked shall be filled with mischief. Lying lips are an abomination to the Lord; but they that deal truly are His delight."

Another way of cheating is mentioned in Proverbs, and that is try-cynismo.

ing to cheat the helpless, the widows and the fatherless, by taking their land, or part of it, from them unfairly.

"Remove not the old landmark; and enter not into the fields of the fatherless: For their redeemer is mighty; He shall plead their cause with thee." (Distributed by King Features Syndicate, Inc.)

# New Castle High Sends 53 Young Grid Candidates To Camp

## Strongest Squad In Years Opens Gruelling Grind

Coaches Optimistic As Grid-ers Entrain For YMCA Camp, For Next Ten Days

### FACE TOUGH ELEVEN GAME 1947 SCHEDULE

With at least ten lettermen in the party, and with optimism rampant, a New Castle high school squad of 53 young candidates, the largest in the history of the local school, opened camp today for the next ten days or so, and got started on the gruelling football grid that will end on Thanksgiving Day with a big intersectional battle with Bethlehem high at Bethlehem, Pa.

Early this morning a healthy group of young hopeful aspirants boarded a bus for the camp. The first workout was slated this morning shortly after the boys had packed away their stuff at camp and donned grid togs.

**Face Tough Grind**  
New Castle high has never started a season in better shape than the one now at hand. Ten lettermen plus a wealth of fine looking material from the junior highs has gladdened the hearts of the three coaches—Bridenbaugh, Klee and Thomas.

Faced with a terrific 11-game card, one of the strongest in years, the coaches and players know that it is going to take plenty of hard work to get in shape. Physical condition will be the chief thing with the boys going through their calisthenics each day getting limbs and muscles ready for the hard knocks that go with football as it is played today.

**Mills On The Job**  
Robert Mills, faculty manager at New Castle high, had the camp ready for the invasion of the grid-ers. Mills spent Wednesday at the site setting the cabins in shape for the boys to move in. Getting also the vast store of groceries in, a "must" on any football regimen.

Missing from the 1946 team that won six games, lost three and tied one, were stars as big as Al Tate, Phil Richards, Brown, Clavelli, Archie Zaronne and Zarilla from the starting team, plus several fine reserves.

The squad will not return to the stadium until after Labor Day. The first game is Friday night, September 5, with Erie against Vincent as the opponents, in a non-Class AA game. The first test in the Class AA grid comes with the Butler game on September 12 at the stadium.

The following boys were taken to camp: Eugene Gribble, Cliff Rowland, Don Zeigler, Paul Cuba, Jr., Charles Wiser, John DiCola, Ray Peluso, Carl Cistella, Jumbo Josephs, Izzo, Cwynar, Francis Clause, Paolone, Valenti, Beynon, Yanelli, Cobau, G. Smith, White, Klee, Jack McCoy, Eberstadt, Irwin, Nelson, Bender, J. Smith, Earl Sallie, Piccolilli, Dick Walker, Thomas, Antionelli, Altkan, Disen, Lamorella, Morella, Conti, Mancine, Mangino, Sandy Mangino, Tomiello, Temperata, Hasen, Banko, Abramski, Beshero, Jasper Williams, Session, Gun, Lou Gilmore, Jim Altman, Sammy Keyes, "Bo" Wallace, and Blackwell.

There are 200 drive-in theatres in the United States.

## Robinson-Secret To Battle Tonight

AKRON, O., Aug. 21.—(INS)—Welterweight Champion Ray "Sugar" Robinson and Sammy Secret, veteran Pittsburgh scrapper, were scheduled to weigh in today for their 10-round non-title fight tonight in the Akron Rubber Bowl.

Robinson will be making his first start since his bout with the ill-fated Jimmy Doyle in Cleveland last June. A share of the gate receipts will be turned over to Doyle's family.

Also slated to appear on the card is Rocky Graziano, newly crowned middleweight ruler. Graziano will meet Cliff Koeckle of Washington Heights, N. Y., in a four-round exhibition match.

## Green And Doyle Win Their Fights

**Green Stops Jordan In Second; Doyle Scores TKO Over Serna In Second**

Johnny Green of Buffalo, 148-4, knocked out Henry Jordan of Philadelphia, 150-3-4, in 1:40 of the second round last night at Youngstown and Irish Mickie Doyle of Cleveland, 157, won a TKO over Frankie Serna of Los Angeles, 150-1-4, in 2:20 of the second round. Rocky Graziano, middleweight champion, boxed four two-minute rounds with Cliff Koeckle, a heavyweight of Newark, N. J.

In the first round Green slipped to the floor, got up, sent a right to the jaw that floored Jordan. The bell came to his rescue and in the second round Green dropped to one knee from a right to the jaw, got up and knocked out Jordan with a left to the jaw.

**Larry Huff Wins**  
Serna proved no match for Doyle, who had Serna down on a knee in the first part of the second and knocked him down for a count of nine after which Referee Tony Zill stopped the fight.

Larry Huff of Pittsburgh, 152, stopped Elmo Jennings, 151, of Youngstown, in the third round and Johnny Johnson of Youngstown, 147, outpointed Eugene Brown of Pittsburgh, 149, in a free swinging four-round bout.

A large crowd witnessed the fights.

## Ellwood Moose Defeats Butler

**Down-County Boys Have Little Trouble Winning From Butler Outfit In Series**

Ellwood City Moose defeated the strong Butler Moose golfers in a special match at Sylvan Heights course by a score of 17-7, this week. Although F. Twerdok, of Butler, took medalist honors with a 74, he was pitted against Andy Justine, Ellwood City ace, who had a 76 and was able to annex only two points for his team. S. Macioce also had a 76 for Ellwood Moose.

The Ellwood City boys had a better balanced aggregation, only Tony Ottaviani failing to break 80.

The lineups and score follow:

	P.	S.	Ellwood City	P.	S.	Butler
Butler	74	78	Macioce	2 1/2	77

## HERE AND THERE IN SPORTS' LAND

**WHEN** Ike Bell of Youngstown and Elkins Brothers of New Castle match brawn and punch August 27 in The Arena, there will be on the card an old favorite—Hal Brooks alias Dancin' Feet, who before the war fought several good battles in The Arena. He defeated Frankie Wooten of Youngstown, a week ago in Sharon. His opponent for the August 27 clash has not yet been picked. Incidentally, Hal, or Dancin' Feet was attached to the 397th quartermaster corps, Third army, during the war. After hostilities ceased he was assigned to special service and boxed throughout Europe. He fought on the same card in Filson, Czechoslovakia as did Billy Conn and Russell Baxter. At present he is boxing daily, helping Brothers get into condition for the battle with Bell which should be fast. . . . When George Godfrey, big colored heavyweight died recently, he was broke. Hearing of the situation, Jack Dempsey, the old Marassa Mauler, furnished Godfrey a decent burial. . . . Life of A. G. Spalding will be dramatized on the Cavalcade of America program at 8 p. m., EST. August 25. . . . Prizes amounting to \$800, will be awarded in the third annual Tam O'Shanter, Sharon, 36-hole play Sunday.

Charlie Trippi and Doc Blanchard will play with the College All-Stars Friday night against the Chicago Bears, in Chicago. . . . At a meeting of the Pymatuning Lake Association tonight in Greenville, directors will be asked to either approve or reject a resolution asking Pennsylvania to change its method of rating horsepower, which would actually decrease the permissible size of motors. No policy concerning speed and power of motors was announced by the new Pymatuning Outboard Motor club, formed recently. . . . The Boston Post in a copyrighted article reports that Steve O'Neil, manager of the Tigers, will replace Joe Cronin as manager of the 1948 Red Sox. Cronin is slated to succeed General Manager Eddie Collins who will retire because of ill health. . . . Lela Frank Hall of Sierra Madre, Calif., is the first ever to win the women's champion of champions shoot with a perfect 100 out of 100, at the Grand American handicap shoot, held at Vandalia, O. . . . In the national junior golf championship at Los Angeles, Arnold Palmer Latrobe high school star, lost to Frank Nelmeier, Texas U. ace.

## City League Will Continue Playing Postponed Games

**No Playoff Games Till Sunday Managers Decide At Meeting, Three Games Tonight**

In an effort to determine who plays who, and what teams will participate in the Shaughnessy playoffs, starting Sunday, the city baseball league managers at their meeting last night arranged to continue their postponed games, playing through Friday, with three games tonight and two Friday evening.

The card for tonight:—Dewey A. C. vs Universals at Washington Field. . . . Sons of Italy vs Lawrence Indies at Cedar Street. . . . Dukes vs South Hills at South Hills.

Schedule for Friday:—Universal Pottery vs Sons of Italy at Deshon Annex. . . . Dewey A. C. vs Duca D'Abuzzis—Cascade Street.

The reason for continuing the postponed games apart last night is the fact that the Sons of Italy, Dukes and Deweys are still battling for playoff berths, six, seven and eight.

**Playoffs Start Sunday**  
The playoffs will start Sunday at four fields with the top eight clubs taking part. It was decided last night. Here is the playoff setup for the first round—5 at 1, 6 at 2, 7 at 3, and 8 at 4. The top four clubs will be the home clubs with a 60-40 split in receipts taking place, sixty to the winner and forty to the loser.

The top eight teams at the moment in order of games played are as follows—Universals 30 and 11, West Lawrence Indies 29 and 11, West Pittsburgh 28 and 12, Columbus Club 26 and 12, South Hill 26 and 12, West Side Tigers 22 and 16, Duca D'Abuzzis 20 and 17, Dewey A. C. 20 and 17, Sons of Italy 19 and 19.

**PLAN GRID TEAM**  
A meeting will be held at 110 South Jefferson street, 8:30 o'clock Friday evening for the purpose of organizing a strong semi-pro football team. The team will be coached by Pete "Jug" Panella, who quarterbacked the M. T. O. to its first championship, and the assistant coach will be Pete "Figo" Carvella. The secretary and treasurer will be James "Hat" Bartlett. A strong schedule of games will be played.

**LOCAL 1284 WINS**  
Local 1284 softball team defeated the VFW team last night at Dean park in a softball league game 7 to 5 with Greg Ross the winning hurler after relieving Beres in the first inning and Morgan the losing pitcher. Friday the Local 1284 will play the East Side Merchants at Gaston park to end the season.

Members of the new Pennsylvania pro football league already are in training for the opening of the season, September 14, with three games carded for the Western Division.

## Chicago Bombers To Give Jay-Bees Tough Opposition

**Strong Road Club Will Oppose Local Stars At Flaherty Field Friday And Saturday**

With a galaxy of stars headed by "Double Duty" Radcliffe, Walter Burch and "Lefty" Thompson, all first class pitchers, the Chicago Bombers are headed for New Castle and Flaherty Field today where Friday evening under the lights at 8:15 o'clock the Brown Bombers tangle with the state championship Jay-Bee team.

This is an attraction comparable in every way to the Indianapolis Clowns and Homestead Grays, and will no doubt be the magnet that draws a banner crowd to the best-dressed Johnson Branz ball park tomorrow evening.

**Jay-Bees Face Test**  
Manager Mike Duffley and his Jay-Bees face two tough games with the Bombers Friday and Saturday and will have to be at their best to win. The Johnson Bronze club has lost only two this year. They have won 21.

The Chicago team a traveling club will put on a real show for the fans. They are made up of stars from the following famous Negro teams: American Giants, Cleveland Buckeyes, Boston Blues and Detroit Senators.

In the Bombers lineup is Armistead "Dusty" Rhodes, a clever first baseman who will remind the fans of his "Goose" Tatum of the Indianapolis Clowns, the Chicago boy being about on a par with Tatum, when it comes to first-basing.

There is a strong possibility that the Clowns will not be back here this year, being loaded with games outside their regular commitments in the American Pro League Junior League, Gus' Nine, the players of the Grays are re-booked in here for next Tuesday evening.

## Legion League Finalists Will See Tourney Game

**Players Of Post's Junior Team And Lockleys And Gus' Nine To See State Title Contest**

Perry S. Gaston Post, American Legion, will honor the champions of the American Pro League Junior League, Gus' Nine; the players of Lockleys team, who were runners up, and the players who composed the post's junior team in district competition, on Friday evening, when these men will be taken to Pittsburgh, Friday evening for the final game of the state championship.

There will be room for any Junior League players who wish to make the trip, and transportation will be free. Chairman Wes Mann, Jr., states, so any Junior League player not included in the above group who wishes to go along, is requested to contact Mr. Mann at once, Legion Post officials will accompany the boys on the trip.

**Last Night's Fights**  
YOUNGSTOWN—Mickey Doyle, 157, Cleveland, knocked out Frankie Serna, 150, Los Angeles in the 2nd (10), and Johnny Green 150, Buffalo, kayoed Henry Jordan, 151, Philadelphia in the 2nd (10).

**REJECTS PRO BID**  
OXFORD, O., Aug. 21.—(INS)—Sid Gilman, Miami University football coach, announced that backfield star Ara Parseghian, of Akron, has rejected a \$10,000 bid from the Pittsburgh Steelers.

Gilman said Parseghian will remain in school and play football for Miami.

## Masontown Plays Reading Tonight

**Two Legion Survivors Out Of 1,283 Teams In State Clash For Title**

PITTSBURGH, Aug. 21.—(INS)—Two survivors of statewide eliminations in which 1,283 teams took part—Reading and Masontown—met this evening at Forbes field in Pittsburgh in the first game of the state Junior American Legion title series.

Reading, mainly because of the presence of southpaw Joe Reedy, was the favorite to take the first game of the best-of-three series. Reedy pitched six shutouts in winning 11 straight games for Reading this season, and an exhibition game defeated the Boston Braves.

The two teams enter the tournament with identical records—18 wins and one loss. Reading has won five state crowns and has been runner up four times in the eliminations to select a Pennsylvania representative for the regional league tournament. It will be Masontown's first appearance as Western Pennsylvania representative in the annual East-West series.

## Bessemer Ties Hillers; Moose Galilee Cancel

**Series Will Continue Tonight If Weather Permits; Wampum Stands By**

The County League play-off series got nowhere last night as Bessemer and Hillersville struggled to a 4-4 tie and the Ellwood Moose and New Galilee had to call off their dogs due to wet grounds.

The four teams will clash again tonight if they get a favorable nod from the weatherman. The Comets and the Moose could grab their series tonight with wins, but in the event they lose they will have to play a third and deciding game Friday night.

Wampum is standing by and awaiting the victor of the Moose-Hillersville series as they will draw this winner in the second round. If Ellwood wins tonight this series will start Friday.

**Battle To Stalemate**  
At the Hillersville field last night, the Zarlengo club tallied in the bottom half of the eighth frame to gain a deadlock with Bessemer.

Harry "Lefty" Hardesty was on the firing line for the Martin men while the canny Joe Pene was serving them up for the Hillers.

**BENEFIT IS POSTPONED**  
The benefit at the South Hill baseball club for the South Hill baseball club has been postponed from August 22 to August 23, it was announced by Joe Augustine today.

## College All-Stars Are Set For Bears

**Glen Davis, Bob Fenimore, Julie Rykovich Injured, May Not See Much Action**

**Coach Frank Leahy Confident College Team Will Have Plenty Of Speed**

By CHARLES EISENSTEIN (International News Service Sports Writer)  
CHICAGO, Ill., Aug. 21.—The 1947 College All-Stars, outwheeled per man, if not per reputation, dug the "S-formation" out of their talent grab-bag today and grimly promised to throw it at the favored Chicago Bears tomorrow night. "S," which comes just before "T," stands for speed, and, with less than 40 hours to go before 103,000 Soldier Field fans watch the annual grid-season opener, it was more than apparent that speed—and not much else—can beat these well-coordinated wild men, the Bears.

**Depend On Speed**  
Such a breakaway artist as Claude "Buddy" Young may hold the key to fame, fortune and final score tomorrow night. In Young, All-Star Coach Frank Leahy of Notre Dame has a bundle of sheer miles-per-hour which may do the trick where the line plunge or forward pass will fail.

There doesn't appear to be much from-picking hope elsewhere. So savage an outlook does the Bears' front line present that Coach Leahy already has moved two of his finest guards, Dick Barwegen, (Purdue) and John Mastrangelo (Notre Dame) to tackle in the hopes of sending a united front against the National Football league champs.

In the realm of the forward pass, two ace T-formation quarterbacks, Arnold Tuckey of Army and George Ratterman of Notre Dame, will fire many an aerial in the All-Star cause. It remains to be seen, however, what may be effected along these lines against such shrewd pass defense as that generally displayed by George Halas' Bears.

**Three Stars Hurt**  
Minus the services of Army's Glen Davis, Bob Fenimore of Oklahoma A. & M. and Illinois' Julie Rykovich, three splendid halfbacks who were hurt in scrimmages, the All-Stars will lean much on Young for ball carrying. Georgia's Charley Trippi still appears a bit muscle-bound, but he'll see some work, too.

The Collegians held a dress rehearsal last night on Soldier Field behind Gates barred to all but a few sports writers.

Leahy sent his squad through a lengthy kicking and passing drill, then climaxed the session with a review offensive maneuvers.

## Cards Continue Pennant Threat By 3 To 2 Win

Break Even With Dodgers  
In Crucial Series, Kuro-  
ski Hits Homer

By LOU GARAVENTE  
(International News Service Sports Writer)  
NEW YORK, Aug. 21.—Wholesale frustration and self-indictment, two dangerous characteristics for pennant challengers, enshrouded the gloomy Dodgers today.

The "crucial" four game series, ending as it did in an even split with the gallant Cardinals, had impressed several interesting and disturbing things upon the chagrined Brooks.

The Cards still are a dangerous pennant-hungry ball club.

Yesterdays spectacular 3 to 2, twelve-inning triumph attests to that. The St. Louis team had been held hitless for seven innings and got but one single off big Ralph Branca in 8-2/3 innings.

"Ya gotta show me" men from Missouri tied the score in the ninth on Johnny Jorgensen's error and won the tugging ball game on Whitey Kuroski's 22nd home run.

Other games in the National League, the Giants split a double-header with the Reds. New York took the first 10 to 3, Cincinnati the second, 3 to 2. Johnny Mize hit a homer in each game boosting his four base treasury to 38.

**Rose Slaughter Braves**  
The Pittsburgh Pirates man-handled four Brave pitchers and blasted out an overwhelming 16 to 10 triumph to top Johnny Sain. Jim Russell sparked the attack with five hits, five runs batted in, and three runs scored.

Rein, mud, and sloppy turf forced the Philadelphia-Chicago game to be called at the end of 6 1/2 innings with the score tied at 1 to 1. Harry Walker's hitting streak was stopped at 17 games.

In the American League, the Yan-

kees and the Tigers plastered 41 hits around Briggs Stadium with the Yanks taking a weird 11-inning contest 14 to 13.

The first-division hopefuls, the Philadelphia Athletics, racked up three runs in the top of the 10th to edge the Chicago White Sox 5 to 2.

**Indians Win Two**  
In the first game of a two-night affair, the Cleveland Indians defeated the Washington Senators in 12 innings 4 to 3. Then they went on to take the second game by a score of 7 to 6 in a 10-inning affair.

The St. Louis Brown-Boston Red Sox encounter was postponed because of rain.

## Young Princess Named Colonel

Youngest Daughter Of King George  
And Queen Elizabeth Is  
Seventeen

LONDON, Aug. 21.—(INS)—Princess Margaret Rose, youngest daughter of King George and Queen Elizabeth, celebrated her 17th birthday today and was appointed colonel in chief of the Highland light infantry.

The royal appointment was the first bestowed on the dark-haired young princess.

Her birthday, regarded as her "coming out", was celebrated by the royal family at Balmoral castle, Scotland, where they are vacationing.

Princess Elizabeth, 20-year-old heiress to the throne, and her fiancé, Lieut. Philip Mountbatten, took part in the birthday observance.

The vivacious younger sister will henceforth be seen more often at official and royal celebrations but she also will complete her schooling.

Her main interest at present is reported to be in helping Elizabeth with her wedding preparations.

The National Basketball League has lost its 1946-47 champion Chicago American, gears to the 24-team Professional Basketball League of America which will make its debut this fall.

## Surrenders As Fugitive From Alabama Jail

ALTOONA, Pa., Aug. 21.—(INS)—Jack Hutchings, 42, who said he escaped from Kilby State prison at Montgomery, Ala., July 10, 1941, on Wednesday voluntarily surrendered to Blair County Sheriff John H. Summers.

Hutchings had been working as a brakeman for the Pennsylvania Railroad in Altoona for the past five years under the alias of Jack (Tex) Reagan.

When he surrendered he told Sheriff Summers:

"I'm glad it is over. I wanted to get it off my mind."

Alabama authorities, when informed of the action, asked that Hutchings be held until officers arrived to return him. Hutchings said he would waive extradition.

He told Summers he was sentenced in Jefferson county, Alabama, to a 15-year term for robbery, May 19, 1932.

## "SUDS stand up through HEAVY WASH"

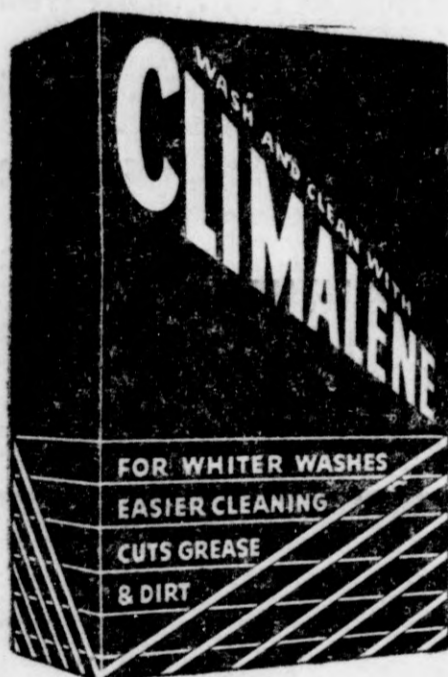

"It's wonderful," one woman said about new, quicker-action Climaene in a recent survey. "It carries the suds all through a heavy wash."

"Soiled spots come clean," said another. "I mean collars and cuffs of shirts, and my house dresses."

Climaene does a grand job on heavily soiled children's play clothes and men's work clothes. It saves up to 1/2 the soap, too.

## State's Cities Surging Ahead In Improvements

### Vast Municipal Programs Outlined During War Now Being Carried Out

HARRISBURG, Aug. 21 — Pennsylvania communities were reported today to be surging ahead rapidly with vast municipal improvements outlined during the war.

The Department of Internal Affairs announced approval of bond issues totaling \$17,247,200 by 25 local governments for projects during the first half of 1947.

Bonds underwriting local expenses in 41 communities amounted to \$10,489,500 during the same period of 1946, it reported, while only 37 local governments issued bonds aggregating \$5,925,500 during the first six months of 1945.

Increased gains were anticipated during the last half of 1947.

During the identical periods of 1944 and 1943, the total amount of bonds floated was \$991,000 and \$3,063,900 respectively, the department added.

A large percentage of issues during 1943 through 1946 were earmarked for refunding indebtedness, it was explained, leaving only scattered issues for financing actual construction.

In contrast, relatively few bond issues approved this year have been designed for paying off old bonds.

"This is a definite indication that political sub-divisions are launching construction and other improvement projects delayed by wartime and immediate post-war shortages of labor and materials," claimed Bonds Attorney A. Lee Edwards.

### Street Improvements

Bond proceedings authorized this year were earmarked largely for street improvements, expansion and equipment of playgrounds and athletic fields, construction or alteration of schools and municipal buildings and purchase of fire-fighting and road maintenance equipment.

Lee said an increasing number of local governments were preparing to build sewage systems in line with the state's anti-stream pollution campaign.

Communities which have tackled the financing problem so far this year included 31 school districts, 26 boroughs, 11 townships, eight cities and nine counties.

Bond issues ranged from \$5,000 by a township for "purchasing a truck" to a total of \$5,089,000 by Allegheny county to repair roads, establish recreation centers, improve public buildings and air-ports and set up a lot and block land registration system.

Edwards said the bond market was good despite a swift decline in interest rates. The rate decrease was believed to have caused such a high percentage of refunding issues last year.

"Those communities, which could, wanted to pay off callable bonds bearing high interest rates with fresh issues carrying lower rates to save future expenses," he explained.

Total bond issues given the department's stamp of approval during 1946 amounted to \$24,020,500 while those for the 12 months of 1945 totaled \$10,851,400, Edwards reported. During 1944 they were \$8,235,000 and during 1943, \$5,674,000.

A much higher figure was anticipated at the end of 1947 on the basis of gains at the half-way mark.

## Greer Carson Seeks Divorce

HOLLYWOOD, Aug. 21.—(INS)—Academy award winner Greer Carson sought her freedom today from actor-husband Richard Ney.

In a brief divorce suit yesterday Miss Carson charged that Ney "inflicted a course of great and grievous mental and physical suffering upon her" prior to their separation last January 20.

The British-born actress married Ney July 24, 1943. She sought no support and stated there was no community property.

Ney, a navy ensign during the last war, was the actress' second husband. She divorced Edward Alec Abbot Snelson, British civil servant, May 8, 1940.

Ney was divorced by his first wife, Elden Hewitt, a New York artist, in 1939.

Motor vehicles scrapped in the United States in 1925 had an average accumulated mileage of 25,750 miles while those scrapped in 1945 had averaged 89,600 miles.
